## LAPPER COP MUTINY STRIRS CAPITAL POLICE

Society Leaders Are "All Agog" Over Coming Trial

(REUTERS DISPATCH.)

WASHINGTON, March 29.—The capital police are all agog over the coming trial of the "lapper cop" mutiny. The police are all agog over the coming trial of the "lapper cop" mutiny. The police are all agog over the coming trial of the "lapper cop" mutiny.

Mrs. Mima C. Van Winkle

GAS COMPANY REPORTS. SAN FRANCISCO, March 29.—The Los Angeles Gas and Electric Corporation operating in Los Angeles, Pasadena and vicinity reported today that its operating revenue for 1921 was \$9,614,644.75, operating expenses, \$7,128,874.97, leaving a net operating revenue of \$2,485,769.78.

HER ENEMIES. Mrs. Van Winkle has asserted during her long service in the Washington police department, a week has passed that she has not been bothered by those who always regarded her as a "lapper cop" enemy. She is a lady of high social standing and intellectual attainments. She has lived in the Wardman Park Hotel where one-half members of President Harding's cabinet live, and which also is a home of half a hundred senators and several hundred government officials—government officials who are here not for their salaries, but for the social life of connection with the administration.

CHARGES AT WILLARD. Mrs. Van Winkle is charged with the murder of the late Senator Charles McNary. She is charged with the murder of the late Senator Charles McNary. She is charged with the murder of the late Senator Charles McNary.

ATTACK SHIPPING BOARD. The United States Mail Line Charge Discrimination in Payment of Claims.

NEW YORK, March 29.—The committee representing creditors of the United States Mail Steamship Company today issued a statement that the attitude taken toward them by the United States Shipping Board is "becoming a scandal in the eyes of the maritime world."

## SEES ARMY PLAN GONE

Pershing Pleads Preparedness.

Even Skeleton is Wrecked by Actions of House in Cutting Expenses.

Fear for Panama in Case of Attack on Canal Zone; Navy Men Busy.

(BY A. P. NIGHT WIRE.) WASHINGTON, March 29.—The Army's case in opposition to further reductions in its enlisted and commissioned strength before the National Press Club tonight, Gen. Pershing, Chief of Staff, and Maj. Gen. Harbord, deputy chief of staff, jointly declared their belief that the bill passed today by the House limiting the Army to 115,000 men and 11,000 officers would work serious injury to the nation's military policy and undermine the best system for preparedness the nation ever had.

"Further reductions would be disastrous," Gen. Pershing declared, adding that such reductions would "introduce an unwarranted element of danger in our plan of national defense."

"A VICIOUS CIRCLE." Gen. Harbord asserted that the country traveled in a vicious circle of unpreparedness and post-war economy. Both officers declared that 150,000 men and 12,000 officers were essential to the nation's needs at this time.

"A careful consideration of the work in hand, if the initial well-laid scheme is not to be seriously curtailed and many essential activities abandoned," Gen. Pershing said, "leads inevitably to the conclusion that any further reduction would be disastrous."

Regarding the proposal to reduce the "reduction cannot be made without violating the soundest principle of security."

HAWAII-PANAMA. "The size of the peace garrisons recommended for Hawaii and the Panama Canal Zone," Gen. Pershing added, "is the minimum with which their missions can be performed. Any material decrease in the size will make them ineffective and possibly invite attack."

"The loss of the Panama Canal," the speaker declared, "would be a blow to the pride of the American people."

## ON PLESIOSAURUS' TRAIL.

Expedition Reaches Wilds Where Antediluvian Was Last Seen; Take Dynamite and Star Shells.

(BY CABLE-EXCLUSIVE DISPATCH.)

BUENOS AIRES, March 29.—Prof. Onelli's expedition which is hot on the trail of an antediluvian monster has arrived at the last outpost of civilization and is ready to plunge into that wild and mysterious region whence come tales of sea monsters and sea serpents and which the natives believe to be the haunt of the plesiosaurus.

It will go into a region where the earth shakes periodically as mountains sink and rivers disappear, a region which from all accounts justifies the frequent sacrificial feasts of the Indian tribes to appease the angry deities living in the near-by volcanoes who are responsible for all those wild and unnatural occurrences at which the outside world scoffs.

Traveling on schedule the expedition has crossed that wild expanse of South American known as Patagonia, which is usually grouped in the popular mind with Timbuctoo as a mysterious and an indefinite and mysterious somewhere existing only in fiction.

When the expedition left Buenos Aires the monster was reported to be roaming around the lake region around a settlement called "Sixteenth of October," 150 miles south of the present camping site. When the expedition left Buenos Aires the monster was reported to be roaming around the lake region around a settlement called "Sixteenth of October," 150 miles south of the present camping site.

Sainte Anne De Beupre, a village of a few inhabitants, is but a few miles from this city. The village was founded by Breton mariners about 1620. The present church of Sainte Anne was opened for public worship in 1876, and the chapel in proclamation made a basilica in 1887.

The original church, constructed in 1658, and the eleventh divine service in 1878, was taken down in 1878, and re-erected near the site of the old church. It is a well known that the building was destroyed by fire in 1878, and the new church was built on the same site.

## LANDSLIDE FOR PACTS

Two Ratified by Senate.

Only One Vote Cast Against Naval Limitation and Submarine Covenants.

Johnson and Borah View Something or Other With Grave Misgivings.

(BY A. P. NIGHT WIRE.) WASHINGTON, March 29.—The two Arms Conference treaties limiting the navies of the great powers and restricting the use of submarines and poison gas were ratified today in a landslide of approbation by the Senate.

The naval limitation covenant, declaring a naval building holiday and fixing the ratio of capital ship strength for the United States, Great Britain, Japan, France and Italy, the Senate gave its final assent by a vote of 74 to 1, and then almost without debate, it accepted, 71 to 0, the pact designed to prevent submarine operations and outlaw chemical warfare altogether.

No amendments or reservations were proposed to either.

SENATOR FRANCE ALONE. The only negative vote was cast against the treaty by Senator France, Republican, Maryland, who said he regarded the reduction as a dangerous expedient under present world conditions.

Every other member of the Senate, however, declared his support of the treaty. Senator Johnson, Republican, Idaho, however, told the Senate he regarded the treaty as only a "stopgap measure" and that he would support it only on the condition that the United States should reserve the right to withdraw from it at any time.

Senator Borah, Republican, Idaho, however, told the Senate he regarded the treaty as only a "stopgap measure" and that he would support it only on the condition that the United States should reserve the right to withdraw from it at any time.

## 'Siamese' Twins Die Together

Twins Die Together.

Only One Vote Cast Against Naval Limitation and Submarine Covenants.

Johnson and Borah View Something or Other With Grave Misgivings.

(BY A. P. NIGHT WIRE.) CHICAGO, March 30.—Josefa and Rosa Blazek, the "Siamese twins," died at a hospital here today at 2:37 o'clock. Josefa's death occurred first and was followed in a few seconds by the death of her sister. Physicians had declared early in the night that in the event of the death of one of the sisters the other would die inasmuch as their brother, Frank Blazek, had refused to permit an operation which would separate their bodies.

IN HOSPITAL TEN DAYS. The twins had been in a hospital ten days. Josefa was ill with yellow jaundice and this was followed by pneumonia. Shortly before her death, Rosa was afflicted with bronchitis.

Following the refusal of the brother to authorize the operation, Dr. B. H. Breakstone, chief of the surgical staff of the hospital, declared this morning that it would be impossible to save one of the twins in the event of the other's death.

Preparations had been made for the operation and the physicians were ready to make every effort to save the life of at least one of the twins.

Hope of saving the life of Josefa was abandoned at midnight, according to Dr. Breakstone.

Dr. Breakstone explained that the brother to operate to save the life of Rosa but he refused.

A delicate operation would have been necessary.

Although the twins possessed separate respiratory and cardiac systems, Dr. Breakstone explained that they had only one set of secondary digestive and procreative organs. The operation, he said, would have necessitated the building up of a part of the digestive and other essential organs to save the life of one twin.

ROSA WAS MARRIED. Rosa was once married, her name being Rosa Blazek. Her husband was a normal 11-year-old boy. Her husband was a captain in the German army and was killed in action in 1917. She was married fifteen years ago.

Josefa never married. The little son, Frans, has been at the bedside of his mother, who, until within the last few hours, was less critically ill than Josefa. The twins were the second offspring of a normal parentage in Czechoslovakia, forty-two years ago. There were four other children, all normal and all still living.

The father is also said to be alive, his age being 85 years. The mother died a year ago at the age of 65 years.

Report Former Austrian Ruler is Near Death.

(BY CABLE AND ASSOCIATED PRESS.)

FUNCHAL (Madeira) March 29.—It is rumored that the Bishop of Funchal has been summoned to the bedside of former Emperor Charles to administer the last sacrament.

LISBON (Portugal) March 29.—There is little hope that former Emperor Charles of Austria-Hungary will survive his illness, according to doctors here, who are attending to him in a hospital. In addition to pneumonia there are cerebral complications. The doctor, however, has not given up hope.

The one-time emperor has made his will.

SCORES OF CHINESE BRIGANDS ARE SLAIN.

(BY CABLE AND ASSOCIATED PRESS.) DELHI (British India) March 29.—Chinese brigands on March 19 attacked and partly burned the town of Muz, in the Shan States. The troops sent in punitive force which was sent in pursuit of the brigands, who were repulsed with a loss of twenty men killed. The troops then turned and captured the fort of the brigands. The Chinese losses were one man killed and five men wounded.

## GANNA WALSKA TO NAME

NOTED SOCIETY WOMAN; SENSATIONS ARE PROMISED

BY WILBUR FORREST. (BY CABLE-EXCLUSIVE DISPATCH.)

PARIS, March 29.—Divorce proceedings that promise even greater thrills for society than the Stillman case are to be fought out in the New York court, it was indicated here today. It was learned that Mme. Ganna Walska was preparing to take the offensive in her marital troubles with her multimillionaire husband, Alexander Smith Cochran.

Mme. Walska, it was learned, contemplates naming as co-respondent an internationally known society woman.

Dudley Field Malone, the Polish singer's lawyer, is scheduled to arrive in New York ten days hence. He will land in the United States prepared to file divorce papers, which give an entirely new perspective to the multi-millionaire's efforts to gain a divorce from the beautiful Pole, whom he married after a passionate courtship at sea.

Since his arrival in Paris many weeks ago, Malone frequently has conferred with his client in her secluded home there. The new turn in the affair is understood to indicate an intention on the part of Malone's client to demand an alimony a full dower share of his fortune, which is said to be in excess of \$70,000,000.

MISS STONE TO TESTIFY.

Slayer of Lawyer Will Be First Witness in Fight to Escape Death; "Unwritten Law" Planned.

(BY A. P. NIGHT WIRE.)

Miss Olivia P. Stone, who is being held in custody by the officials in charge of criminal cases, but today they were transferred to the political section.

The German press says Germany is willing to have Russian conduct theaters and engage in legitimate social, artistic and educational activities, but they must put a ban on politics. These raids on all-night cafes to round up foreigners without proper identification papers have shown a high percentage of Russians, many of whom could not explain their presence in Berlin and were suspected of being agitators of various sorts.

MONARCHISTS ACTIVE. Russian monarchists in Germany have been especially active and successful since the calling of the Genoa conference, as they fear there may be general recognition of the Soviet government and consequently frustration of the monarchist movement.

The recent decision of the Leipzig Supreme Court that Soviet Russia had a right to sell confiscated furs because the Soviet's seal was placed upon them, had intensified anti-Bolshevik feeling among Russians throughout Central Europe who fear that other governments will take the same stand and ratify this position at Genoa, thus making it impossible for Russians to recover lands and factories seized by the Soviet government.

DUMA INVOLVED. Many former members of the Imperial Duma are associated with the monarchist colony in Berlin, which consists largely of constitutional monarchists who are bitterly opposed to the absolute monarchist group which is in the ascendancy among Russians in other capitals. It is estimated that 300,000 Russians are in Germany, chiefly in Berlin and Baltic ports, but there are also many in Munich, whence came Prof. Milukoff's assassins.

Some German newspapers intimate that the military activities of Gen. Baron Wrangell in grade are lending much encouragement to the monarchist movement.

Reports that British firms and those of other nationalities have recently signed large timber, mining and manufacturing concessions with Russia and will endeavor to fortify their rights through the Genoa conference, thus preventing former owners from recovering their properties, have increased Russian refugees in Central Europe, who denounce this alleged action as nothing short of an effort to legalize theft.

TWO DEAD AND FORTY HURT IN HINDU RIOT.

(BY CABLE AND ASSOCIATED PRESS.) LAHORE (India) March 29.—A fracas between Pathans and Sikhs led to a riot yesterday in the Montgomery hall here. One Pathan and one Sikh were killed and forty of the rioters were injured.

MRS. ROOSEVELT BACK. (BY A. P. NIGHT WIRE.) NEW YORK, March 29.—Mrs. Theodore Roosevelt, widow of the former President, arrived today on the Olympic from a long trip abroad, which took her to Cape Town, Africa. Her son Kermit met her at the dock and took her to Oyster Bay by automobile.

MISS OLIVIA P. STONE.

MISS OLIVIA P. STONE.

## PUT LID ON RUSSIANS

Much Too Active for Berlin.

Journals Insist Monarchists Must Be Suppressed as Well as Reds.

(BY CABLE AND ASSOCIATED PRESS.) BERLIN, March 29.—The Berlin newspapers today joined hands in demanding that, in the light of last night's attempt on the life of Paul M. Milukoff, former Minister of Foreign Affairs in the Russian provisional government, Russians of all political parties be forced to desist from agitation. The newspapers declared Russian monarchists must be checked as well as the Bolsheviks.

Murderers of Vladimir Nabokoff, who sacrificed his life to save Prof. Milukoff, were first taken into custody by the officials in charge of criminal cases, but today they were transferred to the political section.

The German press says Germany is willing to have Russian conduct theaters and engage in legitimate social, artistic and educational activities, but they must put a ban on politics. These raids on all-night cafes to round up foreigners without proper identification papers have shown a high percentage of Russians, many of whom could not explain their presence in Berlin and were suspected of being agitators of various sorts.

## GRAIN EXPERTS IN CONFERENCE.

Discuss Possible Changes in Wheat Grades.

Inspectors and Specialists Are Called.

Trade Generally Opposed to Any Action.

WASHINGTON, March 29.—To determine whether any change will be made in wheat grades for the current year, a conference of grain specialists of the Department of Agriculture is in session here. Grain inspectors from Chicago, Minneapolis and other points were called in, and these, together with the specialists in Washington, have been considering the results of the investigations made last summer and fall by the inspectors.

Dr. John Lee Coulter, president of the North Dakota Agricultural College, and Prof. L. A. Fitz of Kansas Agricultural College.

These men were asked to conduct a thorough investigation following the hearing held last spring by Secretary Wallace in response to the demands from the Northwest, especially Minnesota and North Dakota, that the wheat in the grades should be made.

Secretary Wallace announced at the close of the hearing that he would cause a thorough investigation to be made in the field and if the results of this investigation warranted changes in the grades, he would announce them this spring in time to apply to the 1923 crop.

SPENT MONTHS IN STUDY.

Dr. Coulter and Prof. Fitz spent months in the study of the present Federal grades. The substance of their report was sent by Secretary Wallace to farm organizations, millers, and other interested parties, and a very large number of letters and telegrams have been received by the department.

Secretary Wallace, however, has not yet announced whether the trade does not favor any substantial changes in the grades. The demand for changes has come largely from a few farmers' organizations in Minnesota and North Dakota and from the State officials who have to do with grading in Minnesota.

Inasmuch as the law requires that ninety days' notice shall be given of any changes in the grades, it is expected that final action as to whether changes will be made or not, and if so what changes, will be announced not later than April 15.

## LAKES-TO-SEA CANAL LAUDED BY ENGINEER.

FAMOUS NEW YORKER PRO-JECT SIMPLE IN EXECUTION; WOULD AID FARMER.

WASHINGTON, March 29.—Conviction that the Great Lakes-St. Lawrence waterway project is not a dream is contained in the expert opinion of the late Mr. J. B. Saunders of New York, life member of the American Society of Civil Engineers, submitted to the Great Lakes-St. Lawrence Water Association and made public here today.

"I venture the statement," said Saunders, "that there has never been proposed a project so simple in its execution, so sound in its economic possibilities and so far-reaching in its consequences as this one of the lakes-to-the-sea. If you lay a straight-deck upon the map along the line of the St. Lawrence River you will see that it points directly to Liverpool, the market for most of grain products of the United States."

Furthermore, the record of experience shows that for every dollar which the producer in the West pays to ship his products from Duluth to Liverpool, more than 40 cents is consumed in the territory between Buffalo and New York. This expense is due partly to charges for unloading and reloading, commonly known as breaking bulk, and partly to the high cost of transportation by rail and canal.

## WOMAN WINS HIGH PLACE ON RAILWAY.

MRS. ALDEN IS SELECTED AS ASSISTANT SECRETARY OF BURLINGTON.

CHICAGO, March 29.—Mrs. Edith Jarvis Alden began her duties today as assistant secretary of the Chicago, Burlington and Quincy Railroad. Mrs. Alden was unanimously elected to the post by the directors, and is the first woman to hold such an office.

Mrs. Alden is 38 years old, and began her duties with the railroad four years ago, when she became an assistant to her father, H. E. Jarvis, who held the office as assistant secretary at that time. Retiring Mr. Jarvis was compelled to leave on account of ill health, and Mrs. Alden was given the position.

"I believe that to succeed," said Mrs. Alden, "one must take business seriously, and buckle down to work. I believe in womanliness always, but not expect special favors in the business world because you are a woman. I think that is one thing which has caused what little feeling exists between men and women in the business world."

## DIVORCE LOWELL SHERMAN.

PROVIDENCE (R. I.) March 29.—Evelyn Booth Sherman, wife of Lowell Sherman, motion-picture actor, who was involved in the Arbu case, was granted a divorce here today on the grounds of extreme cruelty and neglect to provide. The petition was heard on depositions and was uncontested.

## THE WORLD'S NEWS IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish. A working knowledge of correct everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tienen el Times, así como también para ayudar a los estudiantes de este idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en español. El conocimiento de este idioma, especialmente en una forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes del suroeste del Estado. En esta ciudad actualmente hay más de 15,000 personas que se dedican al estudio de la lengua española.

## NOTAS TELEGRAFICAS.

Noticias de Washington.

WASHINGTON, marzo 29.—El Senado ratificó el tratado naval por 74 votos contra 1. También fue ratificado el tratado que prohíbe los gases venenosos que regulan el uso de los submarinos.

Está mejorando las relaciones entre los Estados Unidos y México debido a que las autoridades mexicanas han estimado de muchas formas que se han mejorado las relaciones de propiedades mineras.

Pancho Villa Progresando.

WASHINGTON, marzo 29.—Francisco Villa, ex-bandido mexicano, desalojó a los ejércitos de la presidencia Obregón, ha estado de agricultor en el sur de Chihuahua, está proyectando reconstruir su empacadora de Juárez, según noticias dadas hoy al Ministerio de Guerra.

Un incendio destruyó casi todo el edificio de la escuela de la ciudad de San Antonio, Texas, el día 28.

El Sr. Dye, al estar terminando, podrá dar trabajo a 300 operarios.

## DEPORTES.

Golf.

Ayer, en el torneo de Lakeside para el campeonato de golf entre mujeres de California del Norte, Margaret Cameron y la Srta. W. C. Van Antwerp ganaron una partida.

Ayer, en Lakeside, el Dr. C. H. Walker, a John J. McHugh, jugador de San Francisco, de 17 años de edad, en el campeonato del Norte, con 3 juegos ganados y 1 por jugar.

Max Behr ganó la eliminatoria ayer en el torneo de golf de invitación de la ciudad de Los Angeles. Hizo 77 puntos.

Justo Addicks.

El equipo de la Conferencia de Sudcalifornia saldrá mañana rumbo al Norte, a fin de tener un encuentro de tenis en Berkeley, con los atletas de California, y otro al miércoles, en Palo Alto, con el equipo de Stanford.

## NOTAS LOCALES.

Cuidado con los Matones.

Crisswell, Presidente Municipal, manifestó ayer que había recibido por correo una carta, en la que se le avisaba que dos matones de plaza habían sido trasladados de Chicago a Los Angeles, seguramente por los explotadores del vicio, para matar al jefe de Policía Everington.

La carta venía sin firma.

El jefe Everington expresó sus intenciones de mantener silencio por un mes en lo tocante a la campaña contra el vicio que él tiene en sus manos.

El Sr. Dye, al estar terminando, podrá dar trabajo a 300 operarios.

## CALIFORNIA INDIANS TELL OF SORROWS.

DRIVEN FROM CHOICE LANDS TO LIFE OF SUFFERING AND STARVATION.

WASHINGTON, March 29.—Stories of ejection from choice California lands and of resulting suffering, poverty and starvation among California Indians, were told today to Chamberlain and Senator Cameron, Republican, Arizona, of the Senate Indian Affairs Committee, by a delegation representing tribes of California Indians. They presented claims of approximately \$10,000,000 against the government and urged passage of a bill by Senator Johnson, Republican, California, permitting the tribes to prosecute their demands in the Court of Claims.

Members of the delegation testified that the California Indians, since the dispossession of their lands in 1852, and through starvation and disease, had dwindled to about 20,000. The \$10,000,000 claim, which would be reduced to \$6,000,000 by offsetting \$4,000,000 of government charities, is based largely on the loss of land said to have been taken from the various tribes.

Commissioner Burke of the Indian Bureau, attended the hearings, and said he was sure Congress desired "to relieve the deplorable condition" of the California Indians, but he expressed fear that filing of suit in the Court of Claims would not meet the immediate distress.

Members of the delegation said that many of the Indians were living on barren rocks which would not yield a living and hundreds were becoming nomads.

Government aid was declared to be meager, amounting in some cases only to \$1.18 monthly in some cases, it was said, the only government aid was a small quantity of four monthly.

## PROHIBITION AGENTS BUSY IN BROOKLYN.

MANY ARRESTED IN CLEAN-UP OF WET BOROUGH BY DISGUISED MEN.

NEW YORK, March 29.—Firing squads of prohibition agents, disguised as earnest drinking men, swooped through Brooklyn and Staten Island today in the hardest drive against hooch that has been launched out of the local Federal district's office in months. Tonight these districts were almost arid.

Forty agents were turned loose, many in overalls and carrying picks and shovels, and "Director" Day announced tonight that fifty more additional men would be sent into Brooklyn, which, he says, is the wettest borough in all Greater New York. Nearly sixty arrests were made in Staten Island, where the proprietors of two widely known saloons were being disfigured as coal heavers.

Bootleggers have been running wild in Brooklyn, said Day. "So many agents have been tied up in patrolling the water front and in court appearances that anything

## Leedy's Latest Creation

# The CARRY-ALL DRUM OUTFIT

Drummers have always wanted an outfit like this. Leedy is the first to give it to them. It consists of bass drum and case, snare drum, pedals, traps, etc. The bass drum is made in two sections—comes apart like a telescope case, permitting the snare drum and traps to be carried inside, making it the most compact and convenient outfit on the market. It weighs but 40 pounds complete. It possesses all the wonderful tonal and constructional qualities that have made Leedy products famous.

**RAIL MEETINGS ARE FAILURES.**  
Engineers, Firemen, Roads Conferences Futile.

Engineers Break With Other Two Unions.

Conductors and Trainmen in Session Yet.

[BY A. P. MONT WIRE.]  
CHICAGO, March 29.—Complete failure of the regional negotiations between railroad management and the engineers and firemen's brotherhoods, in an effort to settle disputes over wages and working conditions, was revealed today when the United States Railroad Labor Board set a hearing for disputes involving rules on all railroads to immediately follow the present wage hearing, which is expected to end by April 15.

The announcement was said by railroad men to lend the first authentic confirmation of the reported split between engineers and firemen and the conductors' and trainmen's brotherhoods.

**STILL IN CONFERENCE.**  
Conferees between the two labor organizations and the railroads are still in progress with prospects, many railroad men say, of reaching an agreement.

Attempts to arrive at a new wage agreement and to settle controversies over working rules were made in three regional conferences which began the middle of last month.

Desiring to avoid carrying their troubles to the Labor Board, which have for years acted with a solid front, requested Secretary of Commerce Hoover to call the railroad and brotherhood heads together to attempt a settlement of their differences. Plans for regional conferences with the eastern roads in New York, the southeastern roads in Washington, and the western roads in Chicago resulted.

**DISPUTE HELD UP.**  
Meanwhile the Labor Board held in advance the train service men's rules dispute before the board for settlement. The four brotherhoods were likewise excluded from the present wage hearing because of the board's promise at the time of the threatened strike last fall to settle all rule controversies before acting on further wage cuts proposed by the carriers.

The first intimation of a division within the brotherhood ranks came early during the negotiations when Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, and W. B. Carter, head of the Brotherhood of Locomotive Firemen and Engineers, went into conference alone with a committee of eastern railroad officials.

L. E. Sheppard, president of the Order of Railroad Conductors, and W. G. Lee, president of the Brotherhood of Railroad Trainmen, were left to hold separate conferences with the roads.

**INCUBATOR BABY WINS ITS FIGHT.**  
Child Weighing But Three Pounds, Four Ounces to Live.

[BY A. P. MONT WIRE.]  
NEW YORK, March 29.—Physicians at the New Rochelle Hospital announced yesterday that an incubator baby, born March 13, had won its fight for life. The Max Friedman baby weighed two pounds and three ounces when born and gained a pound and one ounce in a fortnight. Four tanks of oxygen have been used to keep the baby alive.

**HARDING'S MESSAGE IS READ TO SCOUTS.**  
PRESIDENT HOPES CONFERENCE WILL BE PRODUCTIVE OF GOOD RESULTS.

[BY A. P. MONT WIRE.]  
CHICAGO, March 29.—Messages from President Harding, Vice-President Coolidge, members of the Cabinet and governors of many States were read at the opening of the twelfth annual meeting of the National Council of the Boy Scouts of America, which convened here today.

After extending greetings, President Harding's letter said: "I hope your gathering may be productive of the most encouraging results and a help to the further extension of this splendid work among the boys of our nation."

"Your organization serves to preserve and bring out those valuable traits which are the basis of our civilization when necessity compelled every boy to be a scout," Vice-President Coolidge's message said.

Cable messages from Sir Robert B. Baden-Powell, founder of the movement, and from Mortimer Schiff, New York, international commissioner, now in Europe, also were read.

Today's meeting was devoted to internal organization work and to-night the twelfth annual dinner was held, a feature being addressed by representatives of various religious faiths, each addressing to the work of the Scouts.

**"ZANESVILLE JOHNNY" CONFESSES ROBBERY.**  
ADMITS HOLDING UP CHICAGO TRUST COMPANY. POLICE AKE ADVISED.

[REUTERS DISPATCH.]  
CHICAGO, March 29.—John Gardner, arrested at West Frankfort, is best known to the police here as "Zanesville Johnny." They are informed that he has confessed the robbery of the vaults of the Security Trust and Deposit Company last August while the streets were crowded with persons on their way to theaters.

There were four robbers, the chief representing himself as the holder of a safety deposit box which he had just opened. Gardner also is wanted for a bank robbery yielding \$43,000 at Concord, Ga., while his gang is being sought for the robbery of the Benton State Bank, at the seat of Franklin county, a bank holding more than \$1,000,000 deposits.

**AMPUTATEES OWN ARM AT SPIRIT'S COMMAND.**  
[BY A. P. MONT WIRE.]  
SEATTLE, March 29.—Mrs. Margaret Lindauer amputated her own arm at her home at Richland, Wash., a suburb today, because, she told her 14-year-old daughter Florence, a spirit compelled her to do so.

Mrs. Lindauer was taken to a hospital in a critical condition. The daughter was also taken to the hospital, suffering from shock.

**ANOTHER DIES IN OLD FEUD.**  
Hate Born in Sicily Claims New Victim.

Shot to Death in Brooklyn Car Station.

Mafia Work Done Slayer is Lost in Crowd.

[REUTERS DISPATCH.]  
NEW YORK, March 29.—A death-feud born generations ago in the Sicilian plains reared its head, cobra-like, today in Brooklyn, struck down its victim and vanished into the silence of the Mafia.

Vicenzo Defalco, a bricklayer in America, but descendant of a long line of noble warriors in the title wheat fields of Catania, died even as he killed Salvatore Incenzo, a year ago, and as another killed Joe Guidone in October, 1919. The Guidone and the Incenzo came from Lamasone, a wondrous mountain range overlooking the Catania plains. Tradition taught them to kill the reapers of the plains and steal their harvests away to the Madonna lapaesa.

**FIGHTERS AND REAPERS.**  
The Guidones were fighters, leaders, known into the Madonna caverns. The Defalcos were reapers, sickle men, handlers of the scythes in the surrounding material conditions could not affect the old traditions. It portended a long and bloody feud to wipe out one supposed family affront with the blood of some Defalco. And when the deed was done, the Mafia's injunction never to bear witness against a killer, sealed the lips of both the Defalcos and the Guidones.

After Joe Guidone was done to death, whispers reached the police that the slayer had fled to Sicily. Not long afterward Incenzo met death at Defalco's hands. Incenzo pleaded self-defense when he was arrested, and no enemy was there to testify otherwise. His tale of the flash of Incenzo's dagger before Defalco fired won the bricklayer his freedom.

But New York police headquarters sent Detective Mike Fischetti to Sicily. He found the man he had been told killed Guidone. The spell of the Mafia had been broken. His injunction to silence defied. Fischetti turned his man over to the Sicilian police and returned.

**LIVED IN TERROR.**  
Defalco lived in terror of his life. Weeks, months, went by. Defalco never traveled alone. Always, even to and from his work, he was accompanied by a friend or went with him.

This morning Defalco and his brother, Carmine, with Tony Bacchini and John Romano, stood chatting on the platform of the East New York station of the Long Island Railroad. It was just after 6, yet fully a hundred other tollers regularly waited for a train.

Carmine Defalco turned to speak to an acquaintance, a man, well dressed, stepped up to Vincenzo and tapped him on the shoulder. Defalco turned broadside to the stranger, quickly. Two shots shattered the morning stillness and Carmine's brother crumpled down on the platform, smoking gun in hand, the stranger leaped into Pacific street and was lost to view. Defalco dashed on his way to the hospital.

Where Defalco lived with his wife and children, seven young ones, a sucking baby, there was a scene of desolation when Carmine arrived with the news. Then the bricklayer's oldest daughter, 17 years old, looking at her father with a grimace, said grimly: "It is not yet ended."

**FINANCE CORPORATION HEAD IN BAY CITY.**  
MEYER SAYS BUSINESS ON PACIFIC COAST IS IN GOOD CONDITION.

[BY A. P. MONT WIRE.]  
SAN FRANCISCO, March 29.—Eugene Meyer, Jr., managing director of the War Finance Corporation, arrived here today to hold conferences with the agricultural loan committee of the corporation for Northern California and Nevada and with representatives of agricultural co-operative marketing associations. Meyer, who is a former San Francisco banker, is on a tour of the country.

He said in a luncheon address today that more than \$7,000,000 had been loaned by the corporation in California, Arizona and Nevada, to agricultural interests and stock raisers to relieve them of financial difficulties.

Meyer said he noted a gradual improvement in business conditions, particularly in the Middle West, due to better prices for farm products and the organization of co-operative marketing associations such as those that had done so much to stabilize conditions in the Pacific Coast.

According to Meyer, he has not suffered so much from business depression as the East and the Middle West.

**"RESIDENTS" MAY AID CHIROPRACTORS.**  
PETITION SIGNERS NEED NOT BE ELECOTORS IN RULING OF CIRCUIT COURT.

[BY A. P. MONT WIRE.]  
SAN FRANCISCO, March 29.—Circulators of initiative petitions recently filed by California chiropractors need only to be identified in the petitions as residents and not necessarily as electors, the United States Circuit Court ruled here today in dismissing an action brought by A. Burton Hinkley of Richmond against County Clerk Wells of Contra Costa county.

Hinkley had filed a petition with Wells and later sought to have it withdrawn so he could change his identification in it to an elector, thinking that the term resident would make it illegal. When Wells refused to withdraw it, Hinkley brought the suit.

The petitioners ask that there be placed on the ballot next November a measure providing State recognition of chiropractors.

**AGE OF OLD LACE TO DECIDE DUTY.**  
[REUTERS DISPATCH.]  
CHICAGO, March 29.—Customs officials here were confronted today with the problem of deciding the age of 200 pieces of lace sent from Switzerland to Mrs. Edith Rockefeller McCormick. McCormick maintains that the lace is 600 years old and constitutes the finest collection in the world, with the single exception of that in the Vatican at Rome. It consists of 200 pieces sewed into eight large pieces and is valued at \$9000.

If it is decided that the lace is more than 100 years old it will be duty free, otherwise 60 per cent of its value will be demanded by the government. The collection reached New York a month ago and was forwarded unopened to Chicago.

**MINISTERS INDORSE SYNCOPATED TUNES.**  
MODERN DANCING, BLARE OF JAZZ TROMBONE, FIND DEFENDERS.

[REUTERS DISPATCH.]  
CHICAGO, March 29.—A number of members of the Religious Education Association, which began its annual meeting here today, are in favor of modern dancing under proper supervision.

The syncretistic strains of the saxophone and the blare of the trombone also are O.K., according to some of the ministers.

"The church must attract youth by providing what it wants," said the Rev. Harry H. Hubbell, pastor of the Presbyterian Church in Buffalo. "If we are to cure the moral lacy of the present day it must be done in a sympathetic, not a prohibitive manner. The evils of cabarets and dance halls can be cured by providing music and dancing right in the churches, minus the objectionable elements encountered on the average public dance floor. Modern dancing is not bad and is supervised and can be danced very prettily."

Other members of the association concurred. "The church's liberal views, though some protested against the introduction of dancing in the churches."

The recent attacks on the Darwinian theory of evolution as an un-Christian doctrine brought ridicule from many of the leaders.

"Once upon a time I thought William J. Bryan a great man," said Pres. E. L. Bunker of Hendrix College, Conway, Ark. "But how ever much he may deny that his ancestors were apes, the Darwinian theory seems to have made a monkey out of him today. I believe in studying the Bible from the literal standpoint. But I believe I am in accord with the most progressive religious leadership of the day when I refuse to take an old-fashioned literal interpretation of many things in it."

**SPED UP WORK ON TARIFF MEASURE.**  
BUT BILL WILL HARDLY BE COMPLETED BY NEXT SATURDAY, BELIEF.

[BY A. P. MONT WIRE.]  
WASHINGTON, March 29.—To speed up work on the tariff bill, Senate Finance Committee Republicans held a long session tonight considering the question of whether there shall be duties on dyas or an embargo as urged by Senator Frelinghuysen of New Jersey, a committee member. Senator Shortridge, Republican of California, chairman of the special committee investigating charges of a dyas lobby in Washington, was one of those heard.

Odds and ends in the tariff bill occupied the Senators much of the time today and there seemed to be little prospect that their hope of completing the bill by Saturday night would be realized. In the last few days a number of subjects regarded as closed have been reopened at the instance of Senators interested, and committee members said this had caused some unexpected delay.

While the completed bill probably will not be ready for consideration by the entire committee, including the Democratic members, on Monday, the expectation is that it will be ready for presentation to the Senate before the end of next week.

## PAIN GONE! RUB SORE RHEUMATIC ACHING JOINTS

Stop "dozing" rheumatism. It's pain only. St. Jacob's Oil will stop any pain, and not one rheumatism case in fifty requires internal treatment. Rub soothing, penetrating St. Jacob's Oil right on the tender spot, and by the time you say Jack Robinson—out comes the rheumatic pain and distress. St. Jacob's Oil is a harmless rheumatism liniment which never discolors, and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia. Limber up! Get a small trial bottle of old-time, honest St. Jacob's Oil from any drug store, and in a moment you'll be free from pain, aches and stiffness. Don't suffer! Rub rheumatism away.—Advertisement.

## BAD BREATH

Dr. Edwards' Olive Tablets  
Get at the Cause and  
Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous cathartics cannot do without any of the bad after effects.

All the benefits of many cathartics, without the harmful effects of any dangerous cathartics, are obtained from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver ailments, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil. You will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 25c.—Advertisement.

## DANGER CAUSED BY LOOSE TALK.

Open Diplomacy Explained  
by Root.

Avert War by Conferences,  
Ideas of Pact.

Should Punish Man Who  
Stirs Animosity.

(BY A. P. MERRY WIRE.)

SAN FRANCISCO, March 29.—Open diplomacy is one of the good things that necessarily must come with the control of foreign affairs by the people themselves, but open diplomacy "does not mean the exclusion of common sense," said Elihu Root, in a luncheon address here today before the Commonwealth Club.

While the intrigues of the old school diplomacy that inevitably led to war is gone, he declared, a new danger has come of stirring up trouble by loose, uninformed talk. The duty of democracy is not to slander each other, he said. "When two men misunderstand each other, the trouble usually can be settled by getting them together to talk things over," Mr. Root said. "That is just what happened in the four-power treaty." According to the speaker, such conferences had averted war at least twice in the past, and would have done so in 1914 if Sir Edward Grey's plans had succeeded.

GET CHANGE OF MIND.  
"If there is a controversy, the most important thing is to get some one to change his mind," he continued. "If he is wrong make it easy for him to admit it; if you are wrong, keep in a position where you can admit it." "The man who comes out publicly does not dare to change his mind. It is more important that before you get a man in public you get him right. That is what happened in the four-power treaty." "More quarrels have come from insults than from injuries," he declared. "If democracy is to conduct foreign affairs without taking the nation into strife, it must not give cause for resentment in the minds of other peoples."

TABOO LOOSE TALK.  
"We are venturing now on a great undertaking of directing foreign relations," he added, "and the people of the United States should make it their first duty to punish with disapproval the man who willfully stirs up the animosity of the people of foreign countries by refusing votes at the polls to those who are against the peace of the world and by stopping their patronage and advertising in newspapers ally of the same."

"It should be understood that the American people will taboo loose and unfriendly talk about the people of other nations and such punishment will be the first great step in our conduct of foreign affairs." "It is our duty so to direct the foreign relations of our country that the power of public opinion shall be for peace."

HOUSE COMMITTEE TO  
SEE LILLIAN RUSSELL.

(BY A. P. MERRY WIRE.)

WASHINGTON, March 29.—Lillian Russell, in private life Mrs. Alexander P. Moore, wife of a Pittsburgh publisher, after a conference today with Samuel Gompers, announced she would appear next week before the House Immigration Committee to testify concerning her recent studies in Europe of the immigration question. She would appear, she said, in the capacity of a special United States Immigration Commissioner. Such a title was bestowed upon Mrs. Moore by Secretary Davis when she sailed for Europe to investigate conditions for the Department of Labor.

McCORMICK TO HEAD  
PAN-AMERICAN BODY.

(BY A. P. MERRY WIRE.)

WASHINGTON, March 29.—Appointment of Senator McCormick of Illinois as chairman of the Pan-American committee to co-operate diplomatically and commercially with similar committees from other American countries, in furtherance of good relations, was announced today. Secretary Hughes made the appointment. Dr. David P. Barrows, president of the University of California, is one of the members.

Poslam  
rarely fails to  
stop eczema

The most wonderful thing about Poslam is how little of it is enough to heal. Often a single 50c box will clear away a patch of eczema or similar eruption that has been on itching torment for years!

## PUSSEY WILL NOT GIVE UP SHIP.

Seagang Felton of Sunken  
Maria Borges Refuses  
to Go Ashore.

(BY A. P. MERRY WIRE.)

NEWPORT NEWS (Va.) March 29.—Although the Panamanian bark Maria Borges lies at the bottom of the harbor here, a big black cat refuses to give up the ship. Rescuers who sent off the crew took the cat into a launch, but now pussy refuses to go ashore, and those who have attempted to force her to land have nothing but bandaged arms and hands for their valor. The cat has a four-year record of having never gone ashore.

CHANCELLOR'S SPEECH  
IS LAVISHLY LAUDED.

GERMAN PRESS UNANIMOUS  
IN PRAISE FOR ATTACK  
ON ALLIES.

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, March 29.—Chancellor Brüning's speech in the Reichstag yesterday, declaring the ratification of the latest demands today by both government and opposition newspapers. The Chancellor's candor was lavishly praised by the press generally. Die Welt, the German people's party organ, said: "It now remains to be seen whether France will dare to apply brute force in her endeavor to carry out her aspirations, or whether the Allies will finally decide to substitute economics for politics and reason for revenge."

The Allgemeine Zeitung, owned by Hugo Stinnes, praised the Chancellor for his frank exposure "of the expectations and control committee nuisance, by which wholesale battalions of idlers are permitted to sponge upon the impoverished German people." The Freiheit, independent Socialist organ, also rejects the proposed international intervention in matters of taxation, legislation or financial control.

SCHOOL HISTORIES TO  
BE CAREFULLY READ.

STATE BOARD WILL REMOVE  
ALL POUND INACCURATE  
OR OBJECTIONABLE.

(BY A. P. MERRY WIRE.)

SACRAMENTO, March 29.—The State Board of Education today announced the appointment of a committee by State Commissioner of Education, Scoville Olney, to examine the American histories now in use in California for the purpose of reporting on any objectionable material they may contain with regard to Americanism and national traditions.

Books found to be inaccurate or contrary to historical facts, will not be retained, it was announced by E. P. Clarke, president of the Board of Education, who also stated that a number of communications on the subject have been received from the American Revolution and other patriotic organizations.

DECLARES TRAIN WAS  
CRIMINALLY WRECKED

(BY A. P. MERRY WIRE.)

ATLANTA (Ga.) March 29.—Charges were made today by E. L. Bugg, receiver of the Atlanta, Birmingham and Atlantic Railroad, that a deliberate attempt at train wrecking caused the derailment last night near Manchester, Ga. of a fast freight train which resulted in the killing of the fireman and injury of the engineer and brakeman.

But the derailment was caused by removal of spikes and joint fastenings of one rail and that the fastenings were found lying by the rail.

CAPT. EVANS RELIES  
ON RECORD IN SAMOA

(BY A. P. MERRY WIRE.)

SAN FRANCISCO, March 29.—Capt. Waldo Evans, former naval governor of American Samoa, who was sued at Martinez, Cal., by Samuel Ripley for \$400 for alleged negligence in allowing a ship to be wrecked on the ground that he refused to allow Ripley to land at Samoa last year, said today that the record of his administration was sufficient answer to all charges made against him.

He was served with papers in the suit as he landed here yesterday from Samoa en route to Chicago to take up his new post at the Great Lakes Naval Training Station. Ripley is a member of a family of wealthy landowners in Samoa.

PRINCIPAL CHARGED  
WITH BOY'S MURDER.

(BY A. P. MERRY WIRE.)

CODEN (Utah) March 29.—Murder of Charles E. Chubb, principal of the Uintah school near here, was charged with first degree murder today as a result of the fatal shooting last week of Lloyd Bigbee, aged 18, one of his pupils. The murder complaint was sworn to by the boy's father.

Young Bigbee died at a local hospital of a bullet wound in the abdomen. He was shot by Christensen, a teacher at the school, principal believing he was to be attacked by the youth, whom he had reprimanded for an alleged breach of discipline.

WED ON MOUNTAIN TOP.  
[RECEIVED BY TELETYPE.]

PHOENIX (Ariz.) March 29.—A marriage was celebrated by Dean William Scarlett of Trinity Cathedral on the topmost pinnacle of Camelback Mountain, northeast of Phoenix. The contracting parties were Miss Lotta Fehlen, soprano soloist at the cathedral, and Roy George of Scottsdale, navalist.

STATUS OF LIQUOR  
LADEN YACHT SOUGHT

(BY A. P. MERRY WIRE.)

WASHINGTON, March 29.—Attorney General Cummings today announced that the status of the yacht Patricia, owned by James Sheehan, of New York, which was recently seized, together with 418 cases of liquor, at Miami, Fla., by customs authorities. The ship's owner, it was said, claimed the vessel was sailing under British registry and that the liquor was part of the sea stores carried for the crew.

Daugherty, it was said, has been asked to rule as to whether the vessel is entitled to immunity from national prohibition laws, and whether the liquor is to be returned to the owner or whether the vessel is to be seized and the liquor is to be destroyed.

Daugherty, it was said, has been asked to rule as to whether the vessel is entitled to immunity from national prohibition laws, and whether the liquor is to be returned to the owner or whether the vessel is to be seized and the liquor is to be destroyed.

A Home that is Cooler in Summer and Warmer in Winter  
WHEN one considers the great difference in average temperatures between our most northern and southern States, the nation-wide use of LUMBER for home-building must be based on very solid reasons.  
Indeed, the more the science of building is studied—the more confirmation one finds for the sound commonsense which leads to the use of lumber in nine out of ten homes in America today.  
Because standard lumber construction is resistant to heat transmission from within in winter and from without in summer. It is equal to twelve inches of brick, lathed and plastered, and practically equivalent to thirty-six inches of solid concrete or sixteen inches of hollow tile.  
It keeps dampness out.  
Standard lumber construction provides maximum comfort at minimum cost.

### PASADENA WILL BACK VOLSTEAD

Chamber of Commerce Sends Answer to Wets.

San Francisco Suggestion is Not Supported.

Film Censorship Battle in New Phase.

(LOCAL CORRESPONDENT.) PASADENA, March 29.—The Pasadena Chamber of Commerce remains in the bone-dry column. It has declined the invitation of the San Francisco Chamber of Commerce and the Streater (Ill.) Chamber of Commerce to express a liking for wine and beer.

The Pasadena chamber goes on record. It was stated by Secretary William Dunkley today, in favor of the Volstead law without any ifs or ands.

The decision was made by the board of directors of the chamber, upon the recommendation of a subcommittee, which considered the requests of the San Francisco and Streater bodies in joining in a recommendation for a Volstead amendment permitting 12 per cent wine and 4 per cent beer.

**CENSORSHIP FIGHT.** While reports reached here today that William S. Hart and Jesse Lasky of the Famous Players-Lasky Corporation, had referred the Pasadena censor prohibition against Bill Hart in "Travelin' On" to the National Association of Picture Producers, for action, the city board of directors today stated that the referring of the Hart film incident here to the national association was the only action which would be taken by him and Mr. Hart.

Referring the matter to the national association may bring Will Hart into the case.

**"HART MUCH HURT."** City Manager C. W. Kolner snapped his fingers at the rumors that the city and its censorship board were to be dissolved because the Hart film was stopped here. "Talk of suit for damages against the city must be in the nature of propaganda," he said.

"I have not seen the Hart picture. We have a board for that purpose and rely on its judgment. The officers of the city are behind the censors and will back them up. I am informed by the city's legal department that even though a city official makes an error of judgment, the city is not liable for damages."

C. L. Langley, one of the lessees of the Pasadena Theater, where the Hart film was stopped, said the city censors "were" in "harming Travelin' On." He said Mr. Hart was much hurt over their action.

"We do not believe a board of censors should go into their work blindly or be governed by the judgment of one individual," he said. The City Directors today amended the film ordinance, on first reading, by giving the censorship board the right to demand the views of pictures twenty-four hours in advance of their scheduled showing, and providing that deleted portions of films shall be given into the custody of the censors during the film engagement. They also changed the name of the censorship board from that to board of review of three members, of whom one shall be chief censor and chairman.

**AUDITORIUM AS MEMORIAL.** Proposal that the municipal auditorium be voted on at the special city bond election April 11, be made a memorial to Pasadena's soldiers, sailors, marines and war nurses of all wars, was made today by John McDonald, chairman of the patriotic committee of the Chamber of Commerce. Mr. McDonald was a drummer boy, who picked up a rifle and "carried on" in the Civil War.

Prof. Frederick H. Seares and Prof. Charles E. St. John of the Mt. Wilson Solar Observatory staff left today for New York, from which port they will sail soon to attend the convention of the International Astronomical Society, to be held in Rome in May. They will also attend meetings of the Royal Astronomical Society in London.

**DANCE REGULATIONS.** Music dancing or any dance in which the participants rub cheeks will be prohibited by ordinance in Pasadena public dance halls hereafter, according to the provisions of a new dance-censorship ordinance adopted on first reading by the City Board of Directors today. The regulations for dance halls provided by the new ordinance are as follows:

(1.) Persons under the age of 18 years shall not be allowed in a public dance hall without a chaperone.

(2.) Return checks shall not be issued to patrons.

(3.) No intoxicated person shall be admitted to any public dance hall and no drinking of intoxicating liquors shall be allowed in any dance hall or in the rooms connected with such hall.

(4.) No vulgar, suggestive or check-to-check dancing shall be allowed.

(5.) No music dancing or any dance containing suggestive or repulsive contortions of the human body shall be allowed.

(6.) Smoking is prohibited in a room or hall used for dancing.

(7.) No person shall be admitted to a public dance hall after notification from the Chief of Police of the suspension of such person from any other public dance hall in Pasadena.

(8.) Boisterous conduct of any sort is prohibited.

(9.) The use of profanity is prohibited.

(10.) These rules must be kept posted in a dance hall, dressing-room and every room to which patrons of a dance hall are admitted.

It is also provided in the new ordinance that no dances shall be permitted between the hours of midnight and 6 o'clock in the morning without the permission of the Chief of Police.

### Fifty Cans of Opium Seized; Suspects Held.

(EXCLUSIVE DISPATCH.)

SAN DIEGO, March 29.—Fifty cans of opium were seized yesterday by the United States Immigration inspectors at Calexico, it was reported today. Two men are held at the valley town.

### Building Fund for Church is Soon Secured.

(EXCLUSIVE DISPATCH.)

VENTURA, March 29.—A three-story Christian church building, costing between \$35,000 and \$40,000, is to be erected soon at the corner of Santa Clara and Fir streets. George Barker, a wealthy resident, has headed the subscription list with \$12,500, and at an evangelistic meeting being conducted here, the remainder was pledged by the congregation last night.

The building will be of brick and will have thirty-four rooms. Seating capacity in the church hall will be 600. There will be a large social hall. The second floor will be given to the main auditorium and the third floor to a Bible school. Plans and specifications have been drawn and the building will be erected at once.

Rev. J. LeGrand is conducting the evangelistic meetings, and Rev. R. A. Staley is pastor in charge.

An agreement was completed yesterday with a Los Angeles ice storage company for the purchase of the corner at Colombo and Santa Clara streets, to erect a large plant.

While Attorney Robert M. Sheridan and his wife were in Los Angeles yesterday, a man was seen to enter their residence by a neighbor. Officers were notified, and on their arrival they found the house had been entered. Apparently nothing of importance had been taken. They looked the house up and waited for the sheriffs to return. When the sheriffs finally returned they found the house wide open again, and that valuables amounting to \$1000 had been taken.

### THREE ARE INJURED WHEN CAR OVERTURNS

(EXCLUSIVE DISPATCH.)

SANTA ANA, March 29.—J. H. Dennitta, 5965 Lexington avenue, Los Angeles, was probably fatally injured and J. A. Stafford and Annie Arata, both of San Francisco, were seriously injured when the automobile in which they were riding overturned on the State Highway at Galavan, about three miles south of San Juan Capistrano, at 3 o'clock this afternoon.

Mr. Dennitta sustained a scalp wound and possibly a broken back. Mr. Stafford's clothes were torn almost off his body. First-aid treatment was administered at San Juan Capistrano and the injured men were taken to the County Hospital.

### DENTON TAX FILED.

Minor Daughter Mentioned as Sole Beneficiary of Will.

The estate of Jacob Charles Denton, Pacific Coast mining man, whose murder in his Catalina street home about June 3, 1920, formed the basis for one of the most spectacular criminal prosecutions in the history of California courts, will pay an inheritance tax of \$117,031 to the state, according to the report filed yesterday in the office of Controller Riley by E. P. Werner, inheritance tax attorney. The total value of the estate is listed as \$253,789.81, represented mainly by stock certificates and real estate. Frances Denton, daughter of the murdered man, who is not yet of age, is mentioned as sole inheritor of the fortune. Miss Denton resides with her mother near Phoenix, Ariz.

### FAVOR PACIFIC PACT.

Commonwealth Club Members Show Unanimous Approval.

Thomas Danforth Boardman, president of the Commonwealth Club of California, San Francisco, has received a reply from the White House to the telegram advising President Harding of the result of the club's vote on the Pacific pact. The reply states:

"The President has read with genuine interest your telegram of yesterday and he greatly appreciates your kindness in writing to him. He is very much gratified by this evidence of support."

The vote, taken by postal cards, showed 1198 members approved of the treaty and ninety-five opposed it.

### DIVORCE IS GRANTED.

Wife Says Husband Became Weary of Married Life.

While Charles P. Whitney, Jr., and his wife, Beatrice L. Whitney, were living in Evanston, Ill., Mrs. Whitney told Judge McLucas yesterday that her husband became tired of married life. His want was a trip to Seattle and sent his wife to Southern California. Her father, she says, told her to file a divorce suit. She told the court her husband played golf and bridge, pertering them to home life.

Judge McLucas granted Mrs. Whitney a divorce. She told the court her husband played golf and bridge, pertering them to home life.

Judge McLucas granted Mrs. Whitney a divorce. She told the court her husband played golf and bridge, pertering them to home life.

Judge McLucas granted Mrs. Whitney a divorce. She told the court her husband played golf and bridge, pertering them to home life.

### BLAME LIFTED FROM OFFICER.

Long Beach Slayings Held to be Justifiable.

Policeman Merely Did His Duty, Says Jury.

Canadian Buys Moulton Ranch and Will Drill.

(EXCLUSIVE DISPATCH.)

LONG BEACH, March 29.—Justifiable homicide was the verdict returned late this afternoon at the Coroner's inquest over the bodies of Arthur Dean and Charles Henry, the two men shot and killed early Sunday morning by Police Officer Joseph L. Davis while they were in the act of burglarizing the summer home of E. F. Sherman on East Ocean Boulevard.

Detective Ralph Alyea of the local police department read into the minutes of the inquest the criminal records of the pair. Several big pay-roll robberies and burglary jobs in connection with which the two men had been arrested were cited as unmistakable evidence of their calling.

Officer Davis was completely exonerated for the double killing. The jury in its verdict declared that the two men came to their death through gunshot wounds inflicted by an officer in the discharge of his duties and while they were engaged in the criminal act of burglarizing the Sherman home.

Funeral services for Charles Henry will be held at the Byrum and Peck undertaking parlors Thursday morning. Henry, who was a resident of Los Angeles, will be buried in the Calvary Cemetery in that city. The remains of Dean are being held pending word from a brother.

### ON ROBBERY CHARGE.

Long Beach police today received a letter from Detective Sergeant G. H. Gibson of Philadelphia, saying that Elmer Dowdy, arrested here four months ago on a charge of having robbed Mrs. Nana Bent of Philadelphia of diamonds and jewelry valued at \$3,500, has fled to South America. Gibson chased Dowdy more than 10,000 miles in an effort to capture him after he jumped his bond of \$5000 here in February. Dowdy, with Charles McCord, alias Charles Mansfield, was taken into custody in an East First-street residence by the local police in connection with the Bent robbery.

Dowdy was arraigned before Justice Stephen H. Underwood on a fugitive warrant, and his preliminary hearing was set for February 2. Hall was originally placed at \$20,000 but was later reduced to \$5000. On that date of the hearing Dowdy failed to appear, his bail was forfeited and a bench warrant was issued for his arrest.

**EXCITING CHASE.** According to Gibson's communication to Chief McElmerton, the Philadelphia officer chased Dowdy, thence to Texas, New Mexico and Florida. In Florida Dowdy rented a motor boat and fled to New Orleans, excepting two hours before Gibson arrived in Miami. There he boarded a steamer for Rio de Janeiro.

Gibson has returned to Philadelphia, he wrote the local police executive, and from there will carry on extradition negotiations with the Brazilian government through the United States Department of Justice.

**BUYS RANCH.** For \$100,000, Wellington White of Moose Jaw, Sask., Can., today purchased the W. True Moulton ranch on Pacific Road. The property consists of eighty acres, and lies just west of the western boundary of the recently opened Silverado subdivision. Mr. White announced today that he will start drilling operations for oil at an early date.

Mr. and Mrs. Moulton had watched the rapid expansion of Long Beach from their home for the past thirty years, having been among the earliest settlers of this locality. Simultaneously with the disposal of his ranch interests today, Mr. Moulton purchased the F. W. Smith home at 5633 East First street, for \$38,000.

The Adelaide Tichenor home, at 355 East Ocean Boulevard, regarded as one of the show places of Long Beach, was today purchased by Guy Harrison, wealthy resident of Denver, Colo., for \$80,000. Mr. Harrison will take up his residence in Long Beach upon the disposal of his handsome \$100,000 home in Denver. He is at present stopping at Hotel Virginia.

### SANTA ANA LICENSES.

(EXCLUSIVE DISPATCH.)

SANTA ANA, March 29.—Marriage licenses were issued here today as follows: Robert B. Judkins, 27, Marian Agnes Gagner, 19, both Los Angeles; Leonard P. Danforth, 22, Portland, Or.; Elfreda R. Young, 23, Los Angeles; Lawrence W. Hennessy, 26, Lucy M. Rogers, 24, both San Bernardino; Guy Anson Parmenter, 22, Lornea G. Edwards, 24, both San Diego.

### San Diegoan to Wed Wisconsin Girl Here Today

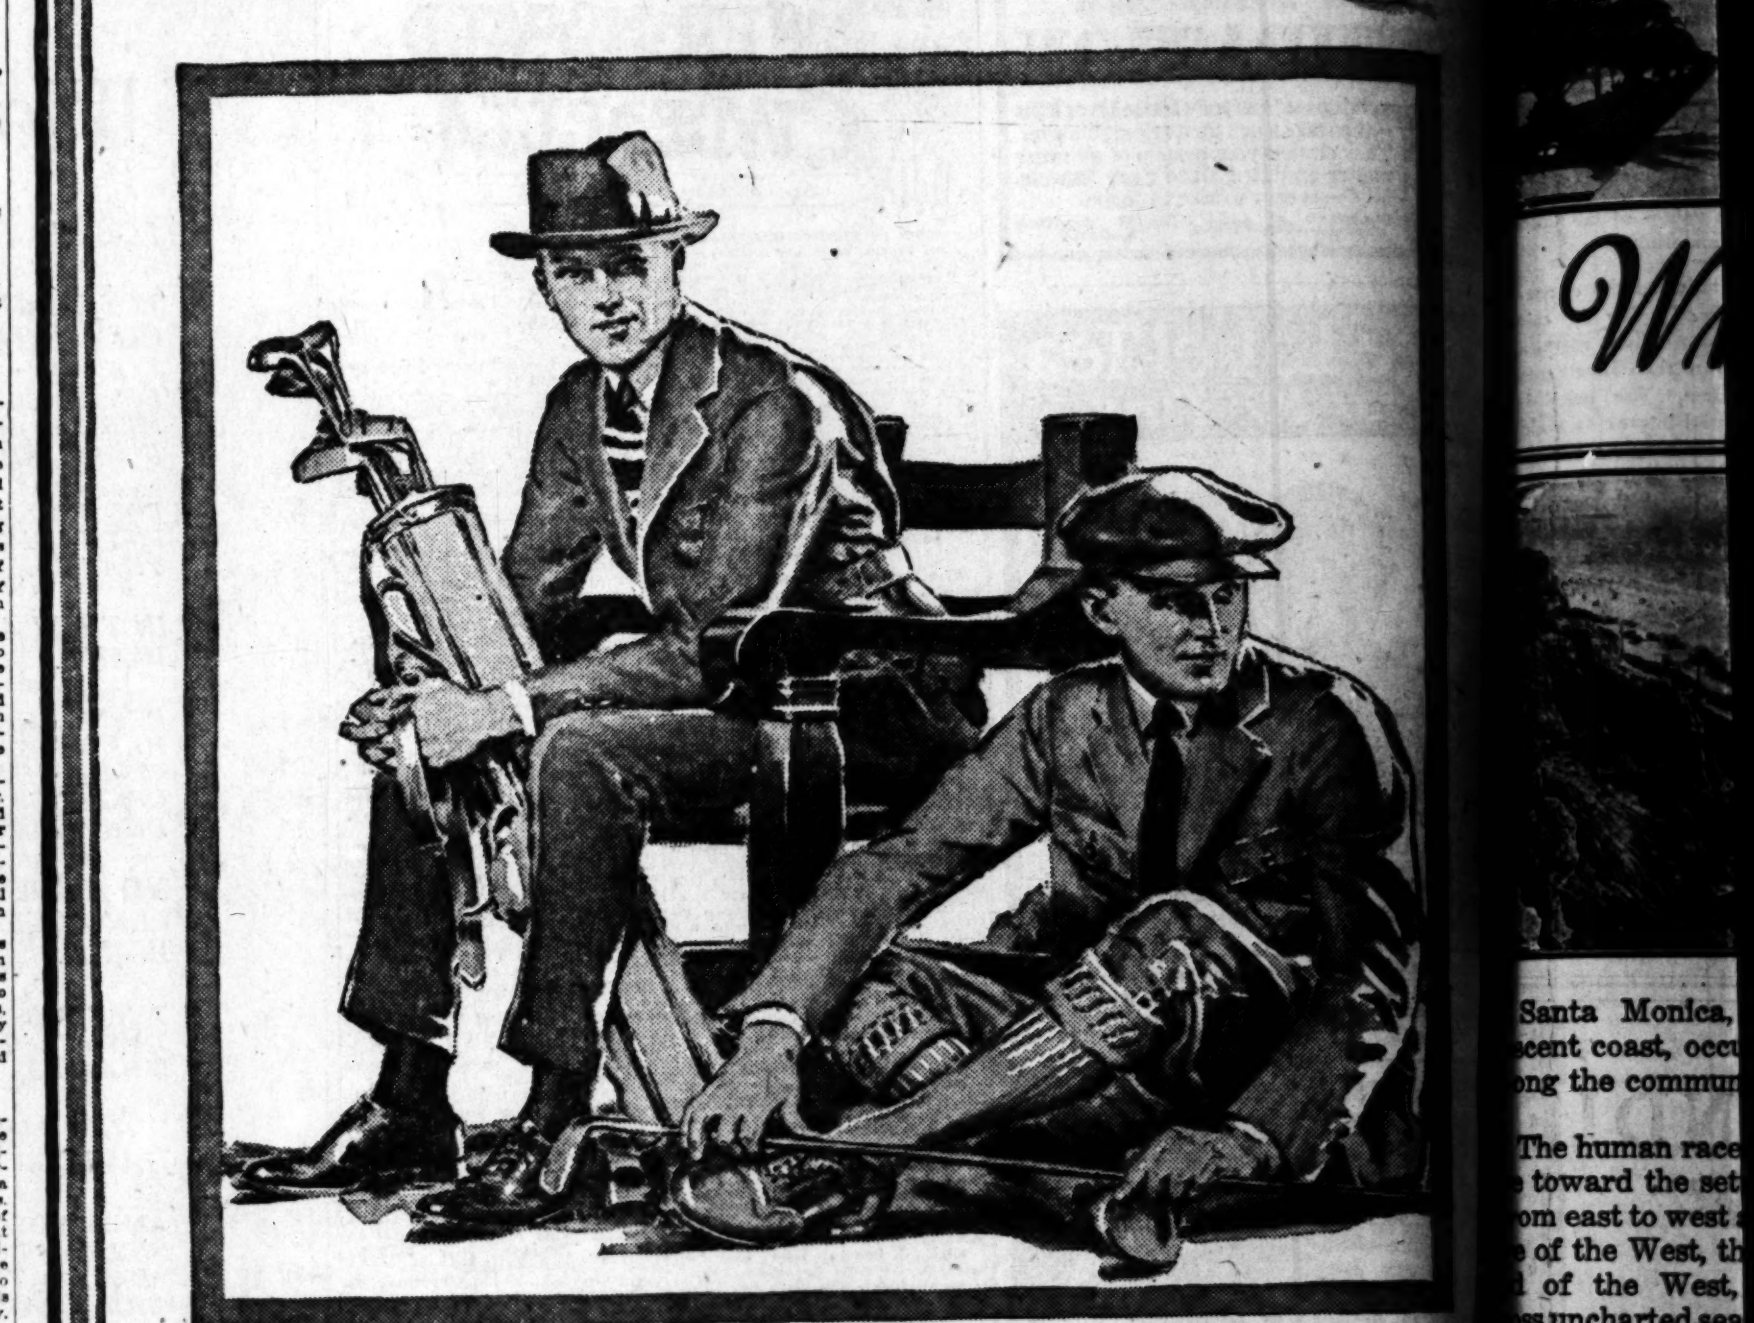

Orton E. Darnall of San Diego, and Miss Louise Thomas, will be married today at 11:30 a.m. at the Hotel Vista del Arroyo, Pasadena.

Mr. Darnall is cashier of the Security and Commercial Savings Bank of San Diego, and well known there for his activity in philanthropic and civic matters.

Miss Thomas, with her sister, Mrs. Peter MacNaughton, lived in San Diego, Calif., recently coming to this city. They came west from Appleton, Wis.

Several San Diego people will attend the wedding. Among them will be Mr. and Mrs. John B. Osborne, Mr. and Mrs. Nat MacNaughton, Mrs. Carolyn Townsend, Mrs. and Mrs. Robert Cameron Stone and Mr. and Mrs. J. G. Flint.

Several San Diego people will attend the wedding. Among them will be Mr. and Mrs. John B. Osborne, Mr. and Mrs. Nat MacNaughton, Mrs. Carolyn Townsend, Mrs. and Mrs. Robert Cameron Stone and Mr. and Mrs. J. G. Flint.

The four-piece suit made by Hart Schaffner & Marx

IT'S come to stay; a combination that well-dressed men need. A stylish sport jacket and waist coat with knickers for golf, hiking, outdoors, around home; and regular trousers for business. You'll show good taste in choosing one.

### SAYS ACTOR WILL FIGHT GIRL'S SUIT.

Rawlinson's Attorney Says Papers Have Not Been Served on Client.

"Mrs. Ethel Clark and her daughter Dorothy will never live long enough to see a single dollar bill of Herbert Rawlinson's money."

This statement was issued last night by J. P. Clark, attorney for the Universal film star, who is charged in a \$200,000 damage action filed Tuesday afternoon, with having assaulted Dorothy Clark, 16 years of age, a stage dancer.

"While I have not seen a copy of the complaint," said Mr. Clark, "and Mr. Rawlinson has not been served with any papers, I believe the whole action speaks for itself, and Mr. Clark will find out that we won't pay."

The actor's attorney last night expressed the belief that a large settlement out of court was expected by Mrs. Clark before the suit was filed.

"On Tuesday morning," declared

### Pioneer Flyer Addresses Aero Club Meeting.

Phases of aeronautical engineering as applied to the needs of the Army and Navy were discussed last night at a meeting of the Aero Club of Southern California.

Glenn L. Martin, pioneer flyer and airplane builder of the Southland. The meeting was held in the lecture room of the Chamber of Commerce.

Bert Hall, formerly of the La-

fayette Squadron, entertained the audience with a group of his experiences as instructor in flying for the Russians during the early years of the World War. He told of having had an opportunity to buy a \$10,000 automobile for 150 rubles after Lenin got into the saddle.

In the opinion of James Webster, who made a brief address, Southern California is overlooking an opportunity in not making haste to establish airplane landing fields and fuel stations at convenient points all over the State. Such a move, he declared, would greatly speed up the development of commercial aviation here.

**DENIES THEFT.** Oakland Woman, Arrested With Man Here, Tells Story in Jail.

Mrs. Clara Martin, 20 years of age, and Vito Croft of Oakland, were arrested here last night on a telegraphic warrant from Oakland charging them with grand larceny. In the City Jail last night Mrs. Martin declared that she had never stolen anything in her life and that she believed her parents in Oakland had had the warrant issued to compel her to return to her husband in Oakland. She stated she has been married four years, and is the mother of a 3-year-old boy, Leo. She and her husband separated last December, she said.

### DEATH OF WIDOW IS MYSTERY.

Puzzled Relatives Seek Motive; Woman Found in Bedroom.

The body of Mrs. Georgia Middlecoff, a wealthy widow, 54 years of age, was found with a gun shot wound through the heart in her home, at 1644 West Twelfth street last night.

Though the police recorded the case as one of suicide the elderly woman left no note or word indicating a motive. According to members of her family she had never suffered from any severe ailment, and was not in want of money. A purse on a table near the bed on which the body was found contained more than \$1100.

The body was found by Miss Ruth Palm, who had lived with Mrs. Middlecoff for the past six months. Mrs. Middlecoff leaves two brothers, Charles and William A. Kerr, a son, Lowell Middlecoff, of 1131 Logan avenue, and a mother, Mrs. Carlissa Kerr. Ac-

cording to Charles Middlecoff, a city worth about \$100,000.

George H. Board of Police to telephone to accept a check from State Bank.

Seattle, Wash. The body of a woman was found in a rooming house here, leaving a note including a list of names and addresses of persons who have been named.

# Santa Monica

## Why 900,000 of us are interested there

Santa Monica, crown jewel of the coast, occupies a unique position among the communities of the world.

The human race has steadfastly set its face toward the setting sun and followed from east to west around the globe. The West, the rich, golden dreamland of the West, has lured mariners and pioneers into uncharted seas and pioneers into uncharted lands.

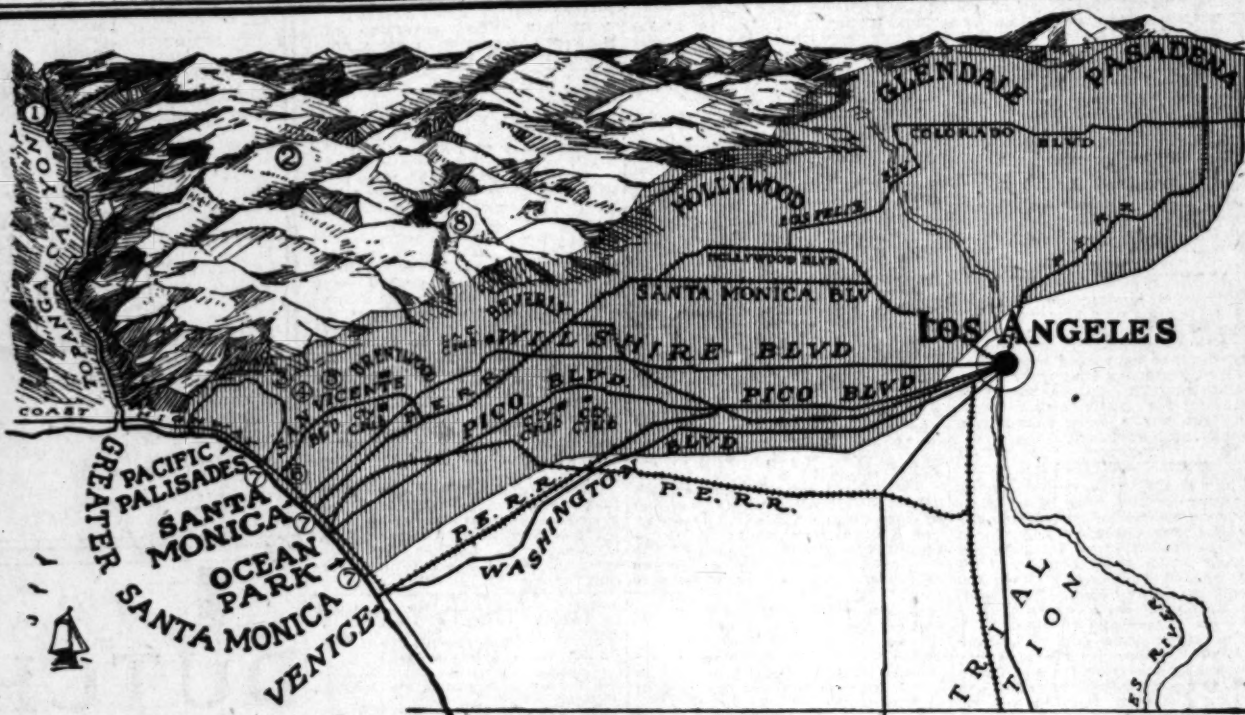

Sometimes their dreams were realized and their power of imagination.

And so we have come at last to a place where there is no more West, but where the setting sun, in indescribable glory, looks back at us and bids us be content at the ultimate of man's fondest dreams, at the end of the road—the last West.

The climax of our hopes brings no disappointment.

Travelers and visitors see what Southern California has and are never again satisfied until they share with us the things we enjoy. And so we find in our own country so many people having a definite purpose or fixed purpose to make this their home sooner or later that it may almost be said to be the predominating desire of the people who have knowledge of it.

Our greatest need in the Los Angeles district is a comprehensive understanding of what is ahead of us; and our greatest problem is to prepare for the flood of humanity that is bearing down upon us.

### Santa Monica Is the Front Door of Los Angeles

The shaded territory shows in a general way the high-class residence sites of greater Los Angeles—the high ground, foothills and plateaus on the south side of the mountains from Pasadena to Santa Monica.

The climax of nature's work is reached at Santa Monica; and there man's greatest work

must be done to harmonize with nature's masterpiece and to make it serve not only Los Angeles and the Southwest but America.

We need great vision and immediate action to preserve and develop this gift for the good of all the people. It is ours, not in a selfish sense, but in trust for the general good.

Where does the Santa Monica Bay district come in this planning?

The choice residence sites of this world-wonder metropolis by the western sea are the foothills, high ground and plateaus from Pasadena to Santa Monica on the south side of the mountains. See the shaded territory on the map.

The climax is reached at Santa Monica, where the mountains, plateaus, canyons and Palisades form the crescent coast of Santa Monica Bay. Here nature, not to disappoint man at the end of his long trek to the west, has given him everything—surpassing beauty and a climate that is cool when other places are hot and warm when others are cold or frosty.

This is the front door of Los Angeles. As our own home and playground, our pride and show place, and as an interna-

tional cultural and resort center, it is of keenest interest to every one of the 900,000 residents of the Los Angeles district for personal, sentimental and business reasons.

This place belongs to you, and it belongs to you in trust for the people of America.

The Santa Monica Bay district needs men and women with vision and resources. Are you interested in water sports? Get behind the breakwater plan. Are you interested in a home or an estate? Go to this choicest of home spots. Are you interested in a place to spend the summer or the winter seasons? Get behind some of the wonderful hotel possibilities at Santa Monica.

Are you interested in country clubs? Find out what this place has to offer. Are you interested in preserving this beauty spot of thirty square miles? Then give it

your personal attention today. Are you interested in schools? Learn that Santa Monica has exceptionally good schools. Are you interested in women's affairs? Know that Santa Monica has one of the best women's clubs in the State.

Are you interested in a clean, high-class, Christian home, educational and resort place? Be advised that Pacific Palisades is being laid out by famous engineers and architects and swiftly developed to be the greatest interdenominational Christian home, educational and resort center in America. More than \$700,000 of home lots have been sold there in the last few months.

Do you wish to go to the greatest summer resort and amusement place on the Coast? Then you are headed for Ocean Park—a part of Santa Monica.

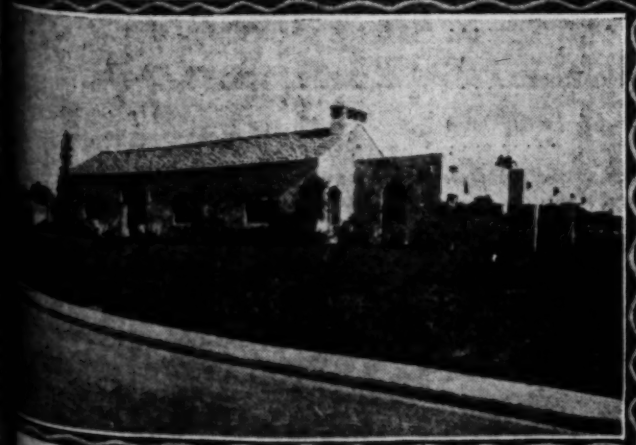

Are you interested in the greatest combination on earth of land, sea, mountains, sky, climate, home, pleasure, inspiration and business? Then make your home in Santa Monica and do business anywhere you want to in the metropolitan district.

Are you interested in investment? Get property in Santa Monica Bay district before the rising tide of humanity and development multiplies its value.

Things are happening in Santa Monica.

For information address Greater Santa Monica Club, care of Chamber of Commerce, Santa Monica, California.

company that underwrites and sells the issue. You would find it an exceedingly interesting, worth-while experience.

These notices are issued by the Department of Newfoundland and will be exempt from all duties.

Take advantage of the opportunity to invest today in the profitable high-yielding security with assets more than four times all indebtedness. The price is 102 and accrued interest to yield 6.65%. Bonds may be had for \$500 and \$1000 denominations. Exempt from personal property taxes in California and a legal investment for savings banks in California.

For then you would see the infinite pains necessary to safeguard the interests of all concerned—the company making the offering, the investment banker underwriting it, and the investor buying it. Lawyers, financiers, appraisers, accountants and investment specialists all participate.

A very considerable portion of the day's business apparently emanated from professional sources, but no small part of the inquiry for seasoned shares and bonds was credited to investors seeking an outlet for April interest and dividend incomes. Steels, equipments, oils, motors and utilities were the stocks in demand. Coalers furnished much of the buying power

for the chief accelerating force. Still higher prices were quoted for finished iron and steel and latest surveys of conditions by trade authorities, including the Iron Age, were almost optimistic. Even copers were no longer influenced by further weakening of prices in the metal market.

Sovereign, Page & Sterling engage, not only in direct buying and selling, but also in preparing and underwriting securities.

ASK NONUNION  
MEN TO STRIKE.Circulars Are Distributed in  
Pennsylvania Fields.Lewis and Green Ready for  
Miners' Walkout.Wage Conference is Held  
in New York.PITTSBURGH, March 29.—Plans  
of the United Mine Workers to or-  
ganize nonunion miners in the  
Western Pennsylvania district for  
the strike are scheduled for April 1  
took tangible form today when cir-  
culars calling on nonunion men to  
join the movement were distributed  
throughout the Western Pennsylvania  
county field.

READY FOR STRIKE.

INDIANAPOLIS, March 29.—In-  
ternational President John L.  
Lewis and Secretary of the United  
Mine Workers of America re-  
turned today to the union's head-  
quarters here to assume general  
supervision of the nation-wide coal  
strike to begin Friday at midnight.  
Their return to headquarters was  
not marked by any developments  
in the strike situation, and they  
said none was expected.Once started, the strike is ex-  
pected to continue automatically,  
with district union officials  
throughout the coal fields coordi-  
nating by wire with the international  
office here.

LITTLE HOPE FOR PEACE.

NEW YORK, March 29.—Cast-  
ing aside as a remote possibility  
the prospect of settling their dif-  
ficulties in time to avert the gen-  
eral strike set for three days hence,  
members of the anthracite sub-  
committee on wage contract nego-  
tiations today girded themselves  
for a long, hard struggle over the  
miners' nineteen demands."Nothing but a miracle," the im-  
mediate acceptance of each and ev-  
ery one of our demands—can avert  
the strike now," said Thomas Ken-  
nedy, district president of the  
United Mine Workers.Under the present circumstances  
it is probable that the suspension  
will go into effect April 1, accord-  
ing to the miners' program of ac-  
tion. B. B. Warner, vice-president of  
the Lehigh Coal and Navigation  
Company.Although sanguine of the ulti-  
mate success of the negotiations  
now in progress, the six other  
members of the anthracite sub-  
committee, composed of union  
chiefs and mine operators, were  
convinced that the strike would be  
evacuated Saturday.

SOUTH IMPORT THEORY.

Phillip Murray, vice-president of  
the United Mine Workers of Amer-  
ica, accuses the American import-  
ation of British mined coal will  
lessen the danger of a bituminous  
coal shortage and thereby hurt the  
cause of the miners in the forth-  
coming strike."Any attempt on the part of the  
United States Shipping Board to  
import foreign coal probably would  
have the sympathy of the public,"  
he said, "and would be a serious  
setback to the cause of the min-  
ers, who are fighting for their  
rights against the strike.""Compared with the weekly pro-  
duction of the American mines and  
the weekly consumption by Ameri-  
can industries, all the coal that  
could be brought from England  
would not amount to a drop in the  
bucket."DEATH PLUNGE ENDS  
SORROWFUL CAREER.INVENTION SUCCESS, LOVE,  
WEALTH WERE DENIED  
TO REINERS.

(REUTERS DISPATCH.)

NEW YORK, March 29.—The  
death of J. George R. Reinert in  
an eleven-story plunge down the  
sidewalk of the Pulitzer Building  
last Sunday terminated a pathetic  
career. Although Reinert's body  
lay unclaimed in the morgue  
today, the authorities learned  
from friends that he never re-  
ceived payment for the famous  
"Intelligent Whale" which he in-  
vented and for which Congress  
made a \$50,000 appropriation in  
the Grant administration. It was  
one of the earliest submarines  
and was lost on its trial trip.Reinert, it also was learned,  
came to America from Germany  
five years ago. He made his  
home with a family in Jersey City.  
There was a baby daughter in the  
family who Reinert's mother  
even as a child when she was 17  
he proposed marriage.His suit, Reinert said, was  
not loved, married to another  
man. When a baby daughter  
was born to her he lost his heart  
all over again. Shortly before his  
tragic death he had received an  
invitation to adopt his first and  
only love. She is Helen Ludwig of  
Jersey City, now 19, and a protegee  
of Mme. Gaski. She was left  
half of his estate by a will, dated  
last January, to his will.The securities of a face value  
of more than \$250,000 in a value  
left by Reinert in an office near  
his own, are chiefly stocks of a  
railroad that has been out of  
existence for nearly a half cen-  
tury and of a mine of little  
value and memory is left.RATES ON CATTLE  
MAY BE LOWERED.TEMPORARY SUSPENSION OF  
HIGH COSTS CONSIDERED  
AT HEARING.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 29.—  
Temporary suspension of the in-  
crease in the range of cattle,  
granted in 1930, was considered  
today at an informal conference  
by representatives of the Inter-  
state Commerce Commission, rail-  
roads and live-stock organizations.  
The railroad representatives  
were asked to present estimates  
and data tomorrow to show the  
probable effects of such a suspen-  
sion. Clifford Thorne, represent-  
ing the American Farm Bureau  
Federation, also is to present tele-  
grams from the West, asking a  
reduction in the rate for feeding cattle.ASKS TIME OFF  
FOR PLOWING.Representative of New York  
Seeks Ten-Day Leave of  
Absence from House.WASHINGTON, March 29.—  
There was an outburst of  
laughter, but no objection,  
by members of the House  
today when Representative  
Clark, Republican, New  
York, requested ten days'  
leave of absence "on account  
of business and planning for  
spring plowing." Clark is a  
member of the Agriculture  
Committee.RATE REDUCTION  
FOUND JUSTIFIED.GIVES SOUTHERN RAILWAYS  
CHANCE TO GET WEST  
COAST BUSINESS.

(REUTERS DISPATCH.)

WASHINGTON, March 29.—  
Reductions in class and com-  
modity rates from Chicago com-  
mon points to South Atlantic and  
Gulf ports on traffic destined to  
the Pacific Coast by steamers  
operating through the Panama  
Canal were found justified today  
by the Interstate Commerce  
Commission. It vacated an order  
suspending the proposed reductions.  
The vacation order is effective  
April 1.The primary purpose, "the com-  
mission said, "is to put the  
South Atlantic and Gulf ports on a  
parity with New York on traffic  
destined to the Pacific Coast and  
to thus afford the southern lines  
an opportunity to secure some of  
the traffic now moving to the Pa-  
cific Coast by rail or through  
north Atlantic ports by rail and  
water."FINAL INSTRUCTIONS  
GIVEN TO HOUGHTON.AMBASSADOR TO GERMANY  
CONFERES WITH MILLER  
AND PRESIDENT.

(BY A. P. NIGHT WIRE.)

WASHINGTON, March 29.—  
Alanson B. Houghton, the new  
American Ambassador to Ger-  
many, received final instructions  
from President Harding today  
prior to leaving for New York to  
sail Saturday on the Olympic.He intimated that one of his  
first duties would be to conduct  
the negotiations for creation of a  
commission to determine the claims  
between Germany and the United  
States.Ambassador Houghton is under-  
stood to have had several confer-  
ences with Allen Property Custod-  
ian Miller on the claims situa-  
tion. Miller also conferred with  
President Harding over the claims  
of American citizens in Germany.  
The German government has said  
that it is now attempting to restore  
this property to American citizens on  
the basis of the depreciated Ger-  
man mark, which the Americans  
hold amounts almost to confisca-  
tion.LOUISIANA GOVERNOR  
HITS KU KLUX KLAN.ASSAULTS ORGANIZATION AS  
FRANKENSTEIN THAT WILL  
WRECK ITSELF.

(BY A. P. NIGHT WIRE.)

BATON ROUGE (La.) March 29.—  
Gov. Parker, in an address to-  
day, assailed the Ku Klux Klan as  
the "Frankenstein that would  
tear its creator apart from within  
and the other fellow started  
wearing masks and dominoes."The Governor, addressing a dis-  
trict conference of the Rotary club,  
urged his auditors to take the lead  
in building up sentiment for law  
enforcement and the regularly con-  
stituted authorities as against ac-  
tivities of masked bandits.MOUNT HOOD HIGHWAY  
WORK COMMENCED.

(BY A. P. DAY WIRE.)

HOOD RIVER (Or.) March 29.—  
Five sets of derricks have started  
work on the valley section of the  
Mt. Hood Loop highway just south  
of the city. Blasting will start to-  
morrow when the East Side grade  
connecting the city and the East  
Side orchard district, will be  
met.The link is about six and a half  
miles long. A unit of approxi-  
mately 100 men, extending  
from the middle valley to the  
bounds of the national forest, will  
be constructed as soon as the snow  
melts.VILLAGERS PERISH  
WHEN TOWNS BURN.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, March 29.—Twenty  
Greek villages in the region of  
Kera-Sunda, on the Black Sea,  
were burned, February 23, and  
four other large villages in the  
Pontus met a similar fate March  
25, according to reports from Ar-  
chiepiscop Meletios Metaxakis, bat-  
tary of Constantinople, received  
today by the Archbishop of Can-  
sarbury.Most of the inhabitants of these  
villages perished in the flames, the  
patriarch's message said.SALT LAKE CITY TRIO  
FACE DEATH CHARGE.

(BY A. P. NIGHT WIRE.)

SALT LAKE CITY, March 29.—  
Gilbert R. Brighton, Angeline Wa-  
caser and Roy E. Donnell, charged  
with the murder of Charles A.  
Faulkner, member of the City Board  
of Education, on February 3, pleaded  
not guilty when arraigned.Miss Wacaser is alleged to have  
planned a robbery which Brighton  
and Donnell were to carry out. The  
prosecution's case was opened by  
the door of the Faulkner house, where  
she was employed as maid, that Brighton  
and Donnell held up the Faulk-  
ner, and that Donnell shot Faulk-  
ner.

LOS ANGELES

THURSDAY MORNING, MARCH 30, 1922.—PART II: 12 PAGES.

## CITY'S SEWAGE MENACE DEMANDS QUICK ACTION.

### Council Proposes to Meet Peril by Antiquated Outfall Method; Sludge Treatment Urged.

Superior Judge Perry Wood's decision of Tuesday, enjoining the city from turning into Ballona Creek the overflow of raw sewage which the outgrowth and overloaded outfall sewer can no longer care for, has brought to an acute point the Los Angeles municipal sewage problem. Investigators agree that something must be done quickly. The Council and Board of Public Works have decided the thing to do is to build another outfall sewer, at a cost of \$12,800,000, for which it is proposed to ask the people to vote bonds at the August primary. Opponents of this plan declare that this will merely perpetuate the present nuisance, which is making thousands of our bathing beaches and growing crops every year. They maintain that the proper solution lies in the modern process of activated sludge treatment of sewage, which purifies the liquid part and makes it available as irrigating water and which turns the solids into commercial fertilizer. Water from these plants can be turned directly into the river, if not needed for irrigation. Glasgow, Scotland, presses the sludge into cakes and finds a ready sale for it as fertilizer. The city of Bradford, Eng., made \$500,000 from the sale of fertilizer from its sludge plant in one year. The city of Morley, Eng., makes about \$1400 a week from this source. Henderson, Eng., profits similarly. Despite the fact that it has already spent some \$800,000,000 on a sewage canal, Chicago has ordered four huge activated sludge plants built to care for its sewage. After an investigation lasting a year Milwaukee has ordered an activated sludge plant built as the best and most economical method of handling its sewage. Houston, Tex., has in operation an activated sludge plant which cares for all the sewage of that city, with a population of about one-fourth that of Los Angeles, at a construction cost of only \$365,000 and an operating cost of about \$180 daily, according to Mayor Holcomb.

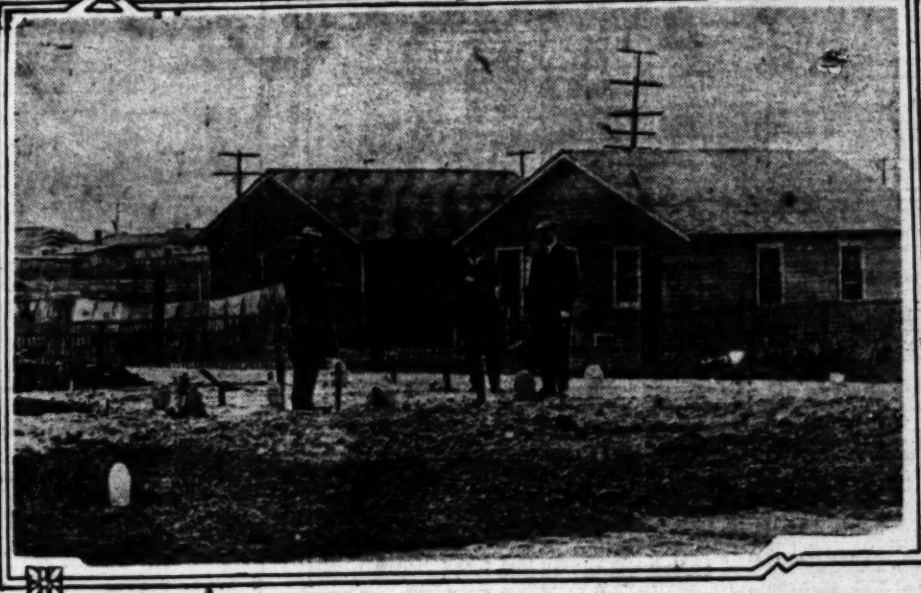

In the belief that no out-and-dried decision should be made in this important matter, The Times will present all the facts available on both sides of the subject and urge that they be given careful consideration. Further data will appear in The Times soon.

In its present situation the city can do one of two things—lay another outfall sewer at tremendous expense and dump the sewage into the sea, as is done at present. This method is so dangerous and so objectionable to beach residents as to have brought the severe condemnation of the State Board of Health. The method, further, wastes a great quantity of potential irrigating water and commercial fertilizer. The other alternative is to immediately begin the construction of the first units of sewage-treatment plants, such as are now in successful operation at Houston, Tex., building at Milwaukee and Chicago and ordered for Fort Worth.

**AGAINST OUTFALL.**  
The Los Angeles County Farm Bureau in a bulletin just issued announces its opposition to the proposed new \$12,800,000 outfall sewer bond issue.

"The whole scheme of outfall sewage disposal is preposterous, most archaic and unsanitary as well as economically wasteful," the bulletin continues, and urges, as an alternative, the construction of the first units of sewage-treatment plants, such as are now in successful operation at Houston, Tex., building at Milwaukee and Chicago and ordered for Fort Worth.

## A Veteran's Grave in Pauper's Field.

Five of Those Who Served the Country in Hours of Peril Now Sleep Here.

## EX-SOLDIER IS BURIED AS PAUPER

Veterans Seek Funds to Give Slain Hero Military Funeral and Honors.

A pauper's burial for an overseas veteran, who died from the effects of gas poisoning while in the United States Expeditionary Forces, led yesterday to the filing of one of the most unusual cases in the history of the county. Anthony Daniels, the overseas veteran who was gassed in France, died last October at Thornycroft Hospital. Two days before his death he is said to have executed his last will and testament, leaving all his property, consisting of \$124 and some jewelry, to Mrs. Louise, his wife. The property was located at 431 Howard street, Pasadena, who is not a relative.

## SEEIN' THINGS

[Why not share your chuckle with others? When you see something unusual, drop a note about it to the City Editor of The Times. They'll all can smile.]

E. K. R. saw all in one day in Venice, these signs: "Hot Cakes and Stirup," "Stationary and Toys," "Trinkets of Yourself," "Pay-choicist," "Wint' Numbers," "Hot Bullion Soup."

L. D. saw a blind beggar on a South Main-street store this sign, "Don't Phone. Mail us your order—it's quicker." Well, what's funny about that?

L. M. R. pops in with this: "Wanted—First-class couple to cook butter or gardner." Yes, Lent is nearly over.

R. R. saw a blind beggar on Main street brush a fly from his cheek so deftly he caught the fly and then held it before his eyes and gave it a quick, hard look. Guess he didn't need specs.

A. N. W. Santa Barbara continues to advertise for a "Wanted—A clean little business for a touring car." Now for the rough stuff!

## THREE WHO SUED MARY SATISFIED.

Opposing Counsel to Ask Dismissal of Cases as Settlements Are Effected.

As a defendant in three suits aggregating \$24,375 in damages, Mary Pickford, described in one of the complaints as "one of the most popular, charming and successful actresses engaged in the portrayal of motion pictures," promised to be exceedingly busy in Judge Valentine's court next Monday.

But this morning Attorney Shirley Messers and John G. Mott, representing the plaintiffs and Miss Pickford, respectively, appeared at Judge Valentine's court for the purpose of settling the cases. This will be followed by the settlement of out of court settlements of the Pickford case.

David Kirkland Swin, known on the stage as David Kirkland, sued for \$11,375 damages, declaring that after being engaged as a director for one of the Pickford plays he was summarily discharged.

Mildred Condine, author, who wrote the scenario, "Through the Back Door," demanded \$11,500 damages for loss of profit and prestige, because her name, as author of the play was not presented.

Rex Taylor wanted \$1500 because he was discharged after a purported contract to write a scenario from the book, "The Crickler."

Miss Pickford and her co-defendants, Douglas Fairbanks and Mrs. Charlotte Smith, by forming the Mary Pickford company, entered a general denial to the charges in the complaints.

## WILL BUILD ON SPRING STREET LOT

Twelve-Story Structure to be Erected Between Sixth and Seventh.

The erection of a modern twelve-story class A office building in the new financial district on Spring street, will be started in the near future. It was learned yesterday. A ninety-nine-year lease has been taken on the property owned by Mrs. Victoria Frank on the west side of Spring street, between Sixth and Seventh streets, and Spry the W. W. Padgett Board Building on the north. The Dunn Williams Company of San Francisco and Harry J. Bauer and associates of Los Angeles have taken the lease.

Present plans call for the erection of a limit height, steel frame office building on this property, which has been owned by Mrs. Frank for many years. The building will be designed for the accommodation of large financial concerns.

When the consideration involved in the transaction was not made public, it is understood that the rents for the full term of the lease, together with the cost of construction, will involve an expenditure in excess of \$2,000,000.

Contrary to the action of the building have already been awarded to McDonald & Kahn. Work will be started in the near future, and it is expected to have the building completed by January 1 of next year. In the negotiations covering the ground lease, Mrs. Frank was represented by Gibson, Dunn & Crutcher, attorneys.

The property is at the present time improved with a two-story building erected many years ago. For the past two years this property has been the subject of considerable negotiation, but until the present time nothing definite has been concluded. This makes the third important addition to this corner of the city to be announced recently, the others being the new twelve-story class A building at the southeast corner of Seventh and Spry the W. W. Padgett Board Building on the north, and the limit height office building at the northeast corner of Seventh and Spring, to be erected by a group of local business men who recently purchased the site from the Stinson estate.

## CHIEF IS WARNED OF GUNMEN.

Letter Gives Information of Assorted Plot to Kill Police Department Head.

Assorted death threats were features in Chief of Police Everington's clean-up drive yesterday. The most conspicuous one was revealed when President Criswell of the City Council admitted that he had received a letter through the mail containing information concerning an assorted plot to assassinate Chief Everington.

This letter, Mr. Criswell said, stated that two Chicago gunmen had been imported into Los Angeles, presumably by underworld interests opposed to the Chief, who were waiting for an opportunity to "bump him off." The letter was mailed to President Criswell, who passed the information on to the Chief.

"While I did not take the letter very seriously, I gave the information to the Chief feeling that if there was anything to it he ought to know about it," Mr. Criswell said.

The letter was unsigned. It was mailed in Los Angeles several days ago.

Chief Everington admitted he was warned and said that several letters had been received by him personally.

The other of yesterday's features was a "clean-up" campaign was disclosed at the Central Police Station earlier in the day when a man who had assisted the police in a raid on a Greek coffee house at 123 East Fourth street several days ago, told members of the purifying squad that his life was threatened by foreign gunmen and asked for protection.

The man was taken to the Chief's office, where he made an

## TEN INSTITUTIONS GIVEN "TIMES" RADIO PHONES.

Patients in Hospitals and Inmates of Charitable and Other Homes to Receive Broadcast News.

BY JOHN S. DAGGETT.

Ten of the largest charitable and other institutions of Los Angeles and vicinity are to be equipped with the best-obtainable receiving sets as the gift of The Times. Every penny of the large expense involved will be borne by this journal.

More than 7000 men and women, who through circumstances out of their control have become inmates of these institutions and are temporarily "laid on the shelf" of ill health or misfortune, will have world activities brought to them through the medium of the radio telephone.

Educational benefits and much entertainment will be furnished daily by The Times Radio Broadcasting Station as well as from the radio telephone air service furnished by other broadcasting stations of this city.

The institutions which have acknowledged the offer of The Times to put in the sets without expense to them are:

Institution	County Poor Farm, Honda	Enrollment
Los Angeles Orphan Home, 815 El Centro street	120	
Los Angeles Orphan Asylum, 217 South Boyle avenue	300	
Masonic Home, Covina	100	
Little Sisters of the Poor, 1700 East First street	100	
Children's Hospital, 4614 Sunset Boulevard	300	
County Hospital, 1100 Mission Road	1,154	
McKinley Home for Boys, 125		
National Home for Disabled Volunteer Soldiers, 2,500		
Hollenbeck Home, 537 South Boyle avenue	250	
Total enrollment	7,203	

The receiving instruments are short wave with a receiving radius of 175 to 225 meters, and under favorable conditions should be able to pick up the Hawaiian Islands, ships at sea and all points on the North American continent. Primarily they will be used at the institutions for receiving Pacific Coast broadcast programs of music, news of the day from The Times Radio Station, lectures, concerts, both vocal and instrumental, and other entertainment which The Times is undertaking to supply.

**MAGNAVOX HORN.**  
Each instrument will be equipped with an E. S. radio magnavox horn, fourteen inches in diameter, a detector tube, a two-stage amplifier and three batteries and will be complete in every detail. The instruments will be mounted in mahogany call of hand-rubbed finish and in addition to their attractiveness will be highly efficient, thoroughly practical and will answer fully every

**BEEHIVE ACTIVITY.**  
Announcements by The Times of its intentions to broadcast news of the day from all parts of the world together with music, lectures, the correct time, crop reports and other entertaining and educational matter, stirred up a beehive of activity in the radio business throughout the western States. This is clearly indicated by letters of inquiry from Arizona, Nevada and New Mexico, all parts of California, Oregon, Washington and even Mexico. It is further indicated by the fact that other newspapers have entered into a grand scramble to follow the lead of The Times in this popular movement. Perhaps never in the history of Los Angeles has an innovation created the

**Thermo Johnny says:**  
The Optimists are very particular in the selection of their members.  
That the "Thermo Storage" is their choice of water heater is a compliment to the Federal Water Heater Co. and an evidence of their usual good judgment.

## A Phonograph Record Service New—Different—Better!

## Facilities for Serving 50 Patrons at Once In Comfort, Quickly, Helpfully

Barker Bros.' new facilities for the choosing of phonograph records represent a degree of comfort, convenience and prompt service which make selection of this popular form of music a joy and a permanent satisfaction.

An enlarged Counter Service insures immediate attention for a large number of patrons simultaneously. An extensive suite of trial rooms, attractively decorated, adequately ventilated and absolutely sound-proof, provides facilities for genuine discrimination in the records chosen.

Trained attendants, familiar with practically every composition produced, are to be found ready to lend the recommendation of experts to making the selection. And to provide a wider range of suggestion, you have available our mammoth stock of between thirty and fifty thousand records—embracing the immense Victor and Vocalion libraries—at your disposal, practically within arm's reach.

Truly, from every standpoint, a phonograph record service unique, and probably unequalled on the Pacific Coast. All on the Main Floor and within a few steps of the Broadway street entrance.

## Watch the little folks speed home for Kellogg's Corn Flakes

"Huh! I always win the race when I carry home Kellogg's Corn Flakes. I carry them home so fast I have some quick, huh!"

It's great to see child-enthusiasm for Kellogg's; great to see every one in the family enjoy their crisp crunchiness and wonderful flavor! To sit down before a heaping bowlful of these joyous oven-browned "sweet-hearts-of-the-corn" and some milk or cream—and fresh fruit, if it's handy—is just about the very last word in appetizing appeal! And, your good taste will prove that!

Kellogg's Corn Flakes ought to be superior—they are the original Corn Flakes! Kellogg's are never tough or leathery; never hard to eat; never a disappointment!

Be certain to get Kellogg's—the delicious kind of Corn Flakes in the RED and GREEN package—because none are genuine without the signature of W. K. Kellogg, the originator of Toasted Corn Flakes.

## CITY TO RUSH SEWER PLANS.

Storage Reservoirs and  
Tanks Discussed.

Estimates of Costs Being  
Prepared by Engineer.

Emergency Construction is  
Ordered by Court.

Stirred to action as the result of Superior Court Judge J. Perry Wood's injunction prohibiting the city from turning sewage into Ballona Creek after May 28 under penalty of being brought before the court for contempt, city officials yesterday hurriedly took steps to adopt emergency measures to handle the municipal wastes.

The Board of Public Works instructed City Engineer Griffin to present at its meeting this morning recommendations for disposing of the excess sewage.

Judge Wood pointed out in his ruling that the city could at once build storage reservoirs to hold this excess flow during the daylight hours, and then turn it at night into the outfall sewer, at which time that pipe is only partially filled. The City Engineer will submit estimates of the cost of the construction of these storage reservoirs, which will be closed at the top to prevent their becoming a nuisance.

At the present time this excess sewage amounts to 1,300,000 gallons each twenty-four hours, and storage facilities must be planned to hold this amount and much more to meet the constantly increasing flow due to the continuing growth of the city.

### SIXTY DAYS' WORK.

Judge Wood declared that reservoirs to hold this excess flow could be constructed within sixty days, and he set the date when the injunction becomes effective that far away. Judge Wood also recommended that the City Council adopt the suggestion of the State Board of Health and prohibit connecting any additional dwellings to the city sewers until the present emergency situation has been solved.

The court also recommended that the Council order industrial plants to dispose of their waste waters by some other method than by pouring into the sewers. It is expected that the Board of Public Works, in forwarding to the Council City Engineer Griffin's report on the cost of constructing storage tanks and of building an activated sludge plant at Ballona Creek to treat and clarify the waste matter before it is turned into the creek, will also forward recommendations that Judge Wood's suggestions as to prohibiting new house connections and cutting off waste industrial waters from the sewers be also adopted as emergency measures to reduce the flow in the main outfall sewer.

### ENGINEER'S STATEMENT.

W. T. Knowlton, city sewers engineer, yesterday issued the following statement telling of the inadequacy of the present sewer system:

"During the past two years the growth of the city of Los Angeles has increased so rapidly that the furnishing of proper and adequate facilities for the disposal of its sewage has become an absolute necessity. In 1900, this city had a population of approximately 100,000. Owing to its geographical position and climate, the population increased to about 119,000 in January, 1910, according to the Federal census. In January, 1920, the census gave this city a population of over 574,000, which placed Los Angeles as the fourth largest city in the United States. Since January, 1920, the city has grown much more rapidly than during the previous decade, and the result, at the present time a conservative estimate gives the city a population of over 800,000. If Los Angeles continues to grow at this rate, the population will be 1,100,000 in 1925.

In 1907, the present outfall sewer was completed, which provided for a population of about 200,000. This sewer has a capacity of ninety cubic feet per second when flowing full. Owing, however, to the rapid increase in population and buildings, the amount of sewage which has been discharged from the collecting system into the outfall as dry weather flow has become more than the sewer can carry, and during the latter part of 1921, sewage was discharged into the tops of the manholes of this sewer into adjoining ground in several places. When the winter rains began in December, this overtaxed condition was increased to such an extent that manhole covers were blown off and the sewage discharged in large volumes onto the streets and private property in the southwestern part of the city.

### ADVENTURERS' CLUB TO MEET.

The Adventurers' Club, which has just been organized by about forty men of Los Angeles and vicinity who have spent a portion of their lives seeking adventure in the wild places of the world, will hold its first noonday meeting and luncheon today at the Broadway Department Store Cafe. It will be an open meeting and all who have had adventurous experiences are invited.

### CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat.

If your nostrils are clogged and your head is stuffed because of nasal catarrh, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—Advertisement.

## CITY SEWERS OVERFLOWING

Adequate Method for Disposal of Refuse Held an Immediate Necessity.

(Continued from First Page.)

### IN OTHER CITIES.

Supporting the contention of the Los Angeles County Farm Bureau, R. W. Hadden and other engineers who have spoken before the City Club Forum and other organizations declare that the outfall sewer method of handling sewage is out of date and urge that the city proceed to build, at a small cost, activated sludge plants to salvage the city wastes. Chicago, Milwaukee, Fort Worth and San Antonio, Tex., have all adopted the activated sludge plan of disposing of their sewage. From Houston the Times is in receipt of the following statement by Mayor O. F. Hofheime:

"Houston's activated sludge sewage disposal plants, which kill odors, flies and other nuisances. Fertilizer is being produced, but this is still in experimental stage as a commercial proposition. Our plant of 10,000,000 gallons per day capacity cost to construct \$115,000. The cost per million gallons per day to operate, including depreciation, is \$12.50. In Milwaukee the system was chosen as the best and most economical of a number proposed. It has been in operation for a year. In Chicago, the activated sludge plant was chosen after a long discussion lasting a year. It will be completed in the next two or three years. At the present time, Chicago is taking care of its sewage by running it into Lake Michigan, and thence it passes through a drainage canal into the Des Plaines River to the Mississippi River. Distance, dilution and much more to meet the constantly increasing flow due to the continuing growth of the city.

### STATEMENT BY GRIFFIN.

City Engineer Griffin yesterday gave to the Times the following prepared statement on the sewage disposal situation:

"The seriousness of the situation confronting Los Angeles in connection with her sewage disposal problem is not fully understood by the public.

"In the past two years the sewage problem has been more or less discussed and the present bad conditions predicted, and with the rapid increase in city population these conditions are bound to get worse each year, until a relief for the overtaxed sewer system is provided. People realize that the outfall sewer, even at times when not overtaxed, has been overtaxed. Sewage flows into the streets in the southwest part of the city for more than a mile of its length, and this is why many of the houses have been damaged by sewage. This sewage has caused not alone the streets, but the lawns of the residents fronting the sewer, thus providing the greatest menace to health known.

"By action of the city this overflow was diverted into the Ballona Creek to relieve the situation on the streets, but this action is now being taken in order to prevent the overflow of the outfall sewer into the streets. The overflow of the outfall sewer into the streets, but this action is now being taken in order to prevent the overflow of the outfall sewer into the streets.

"The overflow of the outfall sewer into the streets, but this action is now being taken in order to prevent the overflow of the outfall sewer into the streets. The overflow of the outfall sewer into the streets, but this action is now being taken in order to prevent the overflow of the outfall sewer into the streets.

### "SLUDGE PROCESS FEASIBLE."

"That a full understanding of the treatment plant program may be obtained, the public is advised the following facts: Treatment by activated sludge process and sewage disposal by the Ballona Creek and the Los Angeles River is thoroughly feasible. The initial cost of an outfall sewer, but the operation cost to render the effluent pure enough to be disposed of in either of these streams is very expensive. The initial plans would of necessity be expensive. The total cost of the treatment program for the same period of years as would be provided by the outfall sewer is approximately \$65,000,000. The initial cost while only \$7,000,000 would supply the demand for the first two years, but the operation cost of \$3,500,000 each in order to have adequate provision for the rapid growth of the city at the time the outfall sewer is completed and returned to the voters before 1927 for a future bond issue) would require each year an expenditure of approximately \$1,000,000 operation cost, and as during at least five months of the year, even after the water would be desired for irrigation, this sewage would be wasted, due to the fact that the effluent for that period of time each year would require more water, therefore if the outfall sewer is built and provision made at the same time for the construction of a plant at such time as the water is needed for irrigation we will neither waste the sewage nor money attempting to treat it between now and the time when it will be wasted.

"The bad condition existing at the beach from the present outfall sewer will be removed, and the nuisance abated not alone on the existing outfall, but on the new one by treatment of the sewage at Hyperion through a system of the sewage, as recommended by national authorities to be a sufficient treatment for ocean disposal.

### SCIENTIFIC TREATMENT FOR OCEAN DISPOSAL.

"Again I say the treatment of sewage is feasible, but extremely costly, and if the public enter into the treatment program it should be with a full understanding of the situation as regards the ultimate cost and the fact that they must even so often vote additional bonds for the extension of the plants."

### CONDITIONS GRAVE.

The present outfall sewer from the Hyperion area to the Pacific Ocean was completed in 1907 at a cost of \$2,000,000, and it was supposed then that it would be ample for the city's needs for a generation. It is twelve miles in length and suitable in size for a city of 500,000 people. Its maximum capacity when full to the danger point is 60,000,000 gallons of sewage each twenty-four hours. This maximum capacity is reached every day now and was during the past winter. Sewage poured into the streets from the Hyperion area, the most serious situation in the city existing in the southwestern section, where sewage solids covered the lawns and streets. Manholes were blown into the air. Appreciating the gravity of the situation, the City Council directed deep into its almost empty coffers of the city and voted to build sewers along Exposition Park Boulevard and Arlington Street. These are now being laid. Their terminus was to be at Ballona Creek, the water course which can be seen at the junction of West Adams street and Washington Boulevard on the Venice road. This sewer is now being laid. Its point on down past Culver City and Venice to the ocean.

Once the plan of the city of Los Angeles to dump large quantities of sewage into the creek became known, Venice and Culver City and the Del Rey section of the Beach Land Company filed applications in the Superior Court for injunctions to prevent the city of Los Angeles from carrying out its plan.

The proposed new outfall sewer would be thirty miles long and would empty at Hyperion, where it is proposed to screen the sewage and dispose of it through manholes on the beach of the ocean several hundred yards from the shore. The new sewer would have a maximum capacity of 250,000,000 gallons of sewage each twenty-four hours. It would be thirteen feet in height and twelve feet wide, and would be constructed of concrete, which measures six feet by four feet. The new sewer would efficiently dispose of the sewage of the city for the next thirty years, City Engineer Griffin says. It would be built of concrete and brick.

### COLLECTOR'S ASSISTANTS APPOINTED.

Approval from Washington Received by Los Angeles Revenue Official.

Collector of Internal Revenue Goodell yesterday received official confirmation of the list of internal revenue field agents to begin their service with the government April 1. The selections were made by the collector soon after he took charge of the local office, but the names had to be received by the approval of Commissioner of Internal Revenue Blair. This has been done.

The additions to the force of field agents have been made necessary by the growth of the work in the revenue district. It now consists of the counties of Los Angeles, San Luis Obispo, Santa Barbara, Ventura, San Diego, San Bernardino, Orange, Imperial, Riverside and Kern.

As constituted, with the addition of about sixty agents in the field service, and they will be stationed in hundreds of cases here no returns have been made, with the errors that have occurred in returns already made on account of the change in the income tax law, there is an increasing need for field agents and the appointments will supply the demand. The new men, who start at a salary of \$1500 a year, with the annual bonus of \$240, are as follows:

Albert W. Erster, H. Lester, Charles L. Lewis, W. H. Downs, John Croft, Thomas Darcey, Myers White, Henry Battler, Paul Williams, John Wright, Thomas Franklin, Walter Satterwhite, Charles E. Clement, E. Earl Stanley, Edward F. Herzog, Howard C. Taylor, Henry B. George, Alfred G. Wessling, Walter C. Pitts, Arthur B. Pilch and James A. Gorman.

Edward F. Herzog and Walter C. Pitts will be detailed for work in the central office in the Federal Building, and the others will be placed as field agents. All of the selections were made from the civil service list.

### TO HEAR DRUGGISTS.

Federal Commissioner Will Act in Place of Prohibition Agent.

A new plan has been evolved, it became known yesterday, to dispose of charges pending against a number of local druggists, who it is asserted have violated the terms of the permit under which they are authorized to dispense liquor under the national prohibition law. Instead of having these hearings before the prohibition agent, they will be held before United States Commissioner Lonsdale. The case against Dr. W. L. Bartow, with offices in the Title Insurance and Trust Company Building, will be one of the first to be disposed of under the new arrangement.

## WED TO SAVE LIFE OF LION.

Wife's Annulment Plea Says  
Threat Was Made to  
Kill Her Pet.

Mrs. Mary Elizabeth Turner, known as Betty McMillan, a lion tamer, told Judge Summerfield in annulment proceedings yesterday that when she refused to marry Joseph Turner, he seized a pitchfork and threatened to kill her and her pet lion. She married him for "the safety of the public" as well as to save the lion's life, she testified. It seems that she had raised the lion from a cub. The court took the case under submission.

### MAY DISCHARGE BURCH PANEL.

(Continued from First Page.)

office went to the homes and discussed any of the merits of the case, I find it impossible to believe. "Investigation of panel members is no new practice and is generally indulged by attorneys in order that all necessary information about prospective jurors may be obtained."

### MEET MADALYNE.

But a few of the prospective jury members were interrogated during the day, William W. Ridout, the first drawn on the jury, was excused when he stated he had formed an opinion. W. W. Duane was then placed in chair No. 1. From time to time other jury members were excused and new ones drawn.

Rev. and Mrs. W. A. Burch were in court during the morning session watching the opening of their son's fight for freedom. They seemed to study each face in the jury box more carefully than the attorneys who were questioning the tallest men. To them, the faces meant the fate of their boy.

The report that the father and mother of the imprisoned young man had snubbed Mrs. Madalynne C. Obenchain, his co-defendant, when they met in jail on the day previous was proven yesterday by the hand and talked for several minutes. Rev. Burch chatted with Madalynne and, when one of Madalynne's counsel appeared, he did not join in the discussion with Mrs. Obenchain.

The first intimation that the defense of Burch will be practically identical with his defense in the previous trial, came yesterday when Mr. Schenck inquired of Miss Mable F. Rice of Alhambra whether she was opposed to a defense of insanity. The jurymen replied that she was not. Then Miss Rice was asked whether possible criticism by Dist. Atty. Woolf of her actions would prohibit her from voting for acquittal. She said that such criticism would not influence her.

### "INVESTIGATORS" CALL.

Ernest E. Bennett stated in reply to Mr. Schenck's inquiry that he considered anyone who committed a crime crazy. He said that the present crime wave was a wave of insanity. Mr. Bennett stated that some one representing himself as an investigator called and talked to his wife, but not to him.

Miss Rutherford told Mr. Schenck that a man representing himself as a District Attorney's investigator called at her home in Whittier and went into another room with her mother. Their conversation was audible at all times, she stated, and the man asked her mother the young woman's stand on capital punishment and other vital questions. He then declared that "Burch was guilty" and left. After Miss Rutherford was excused, R. L. Reeve was drawn to fill her place.

L. E. Bardwin of Alhambra, who lives across the street from Mrs. Rice, testified that he was posing as a representative of the District Attorney called at a neighbor's to seek information as to the neighbor told the investigator that he would get "more reliable" information from the man who was inquiring about the case. The investigator then left.

A man called at the home of C. F. Miller and asked Mrs. Miller whether her husband was a Mason and what his business was. Mr. Miller was not at home at the time, he said.

### CHECK NOT SIGNED.

Gas Company Official Makes Oversight in Paying Tax.

Cham S. Vance, vice-president of the Los Angeles Gas and Electric Corporation, was given a jolt yesterday when informed by the United States internal revenue office that his income tax for this year was not paid. The gas company official protested and declared he was willing to produce witnesses to the fact that he had duly mailed his check to Collector Goodell.

"My son, Conrad Vance, was in the income tax bureau for more than two years following his discharge from Army service," declared Mr. Vance, "and I am certain the bill is paid."

Faced with the evidence, however, Mr. Vance was forced to admit his error. He had sent in the full amount, but had forgotten to affix his signature to the check, which was duly returned and was properly signed. Several boxes of cigars were then ordered.

## JAKE SCHAEFER RETAINS HIS BILLIARD CROWN IN MATCH WITH HOPPE.

### CHAMP'S PLUCK SAVES LAURELS.

Titleholder Loses Final Block 1468 to 1500.

Unnerved Near Finish of Last Set.

King Clinches Match With Brilliant Work.

(BY A. P. NIGHT WIRE.)  
CHICAGO, March 29.—Jake Schaefer tonight watched his 18-2 ball-line billiard championship fade into the distance, but by nerve work he won the match with the Willie Hoppe of the fire, ending the final block of play with 1468 to the former champion's 1500.  
Tonight's score by inning: Schaefer, 88, 107, 2, 22, 20, 4, 0, 0, 212, 29, 3, 16—500, 1468—1500. Average tonight, 14.15; grand average 48 12-31. Hoppe, 16, 2, 1, 58, 39, 0, 43, 1, 0, 44, 94, 43, 13—516, 466—1468. Average tonight, 26.14; grand average, 48 12-31.  
The final night's play drew an immense crowd of spectators and the match was a noticeable one of women present. In the first set there were many women in dress. There were more than 1000 persons in the hall when Schaefer started shooting. Both players drew tremendous crowds when they stepped onto the stage. Schaefer's first shot was a continuation of the seven-ball inning of total play and the resumption of the final run of fifty-eight with which he won last night's block. He tied with the balls well together and held an advantage of 100 to 952 at the start.  
HAS EASY TIME.  
Schaefer found no trouble in his ten points tonight, but had a two-cushion bank for his much and a difficult semiball in his twentieth. He drew the ball through the third point and a nice draw on next play got him out of a serious spot. A beautiful drive the first object ball driven the table back into perfect position, gave him his half-century. He was tied up on fifty-fifth, but made the shot to find another line-up which also resulted by clever work. He missed a two-cushion shot after scoring fifty-fifth, which, with last night's finish, made 117 for the inning. Hoppe, in his first turn, scored in open play and then missed a shot in which the balls were all lined.  
Starting his fourth inning of tonight, Schaefer made five almost worthless masses and drives before he was in good position. He missed a two-cushion shot and then missed a easy draw.  
PLAYS WITH CARE.  
Hoppe, generally a rapid shooter, (Continued on Second Page.)

### DUCKS PREPARE FOR SERAPHS.

Beavers Put on Finishing Touches in Camp.

All but Two Dealers Ready for the Opener.

Expect Record Throng at Tuesday's Game.

BY HARRY A. WILLIAMS.  
Over in Pasadena the Portland Beavers are being polished off until they look both glossy and glossy. All is well except for the appearance of a couple of sore arms of the shoulders in the pitching department. Jim Thorpe, who was similarly troubled for a time, is now said to have rid himself of everything suggesting a painful twitch.  
Sam Ross, who had been prominently mentioned for the opening day assignment, probably will be unable to do so. Two weeks ago Sam cut loose prematurely, and the result was a sore right shoulder. Efforts to work this out, even to the extent of going nine innings recently, proved to be without avail. Yesterday he visited Dr. Spencer in this city, who is understood to have prescribed rest as the sure cure. None of the leaders in his shoulders is effected, but the trouble is due to a couple of inconsequential muscles, which, however, are large enough to get very sore.  
PACK UP SUNDAY.  
Suds Sutherland, prominent right-hander, also is having a bit of trouble with his wing. Aside from these two, however, all the pitchers are about ready. It is possible that Walter Leverenz, southpaw, will be shot at the Angels in the opening game. Walt is said to be right, and also well acquainted with a majority of the batters in this circuit, which helps. However, Los Angeles has a few strangers, in its line-up, who might frighten him.  
Manager Kenworthy will continue to work the club at Pasadena until Sunday night, when the outfit will be moved to Los Angeles. The Beavers will engage in their final workout at Washington Park on Monday, as the Tigers will have vacated.  
Meantime, the Angels are at Catalina putting on the finishing touches. Several other clubs were to the managers of the finishing touches on the Angels along in October, but that remains to be demonstrated.  
Doc Crandall is rather expected to open for the Angels. Managers, however, seldom state in advance who will finish the opening game, and that is about as important as the managers of the Angels in the conflicts generally involve quite a few heavers.  
EXPECT RECORD THRONG.  
Barring bum weather, opening day attendance records here should be busted. The high mark was set in 1916 when 14,733 filtered through the gates. That was an unusual year as Los Angeles and Vernon were the competing teams.

### PALMER WINS GROSS PRIZE.

Has Four-Stroke Margin on Field at Beverly.

Seaver Meets Disaster on Eighteenth Hole.

Invitation Golf Tourney Attracts Big Field.

BY PAUL LOWRY.  
C. H. Palmer, Jr., the long-suffering behemoth of the Los Angeles Country Club, betted his way into the limelight in the qualifying round of the annual invitation golf tourney on his home course yesterday. He captured the low gross trophy with a splendidly played 74 over the treacherous north course, finishing with a margin of four strokes over the field.  
Max Behr finished second with a 77, but because he is not affiliated with any club in the Southern California Golf Association, he is not paired in the drawings. Second honors, therefore, revert to George Clines of Wilshire, who uncorked the best brand of golf he has played this year and ran up a 78.  
Nearly 200 contestants showed up for the tourney, and had the weather not been threatening during the early morning hours it is believed this number would have been bettered by at least fifty.  
SEVEN STROKES.  
Seaver of L. A. and Campbell of Hollywood tied for third honors with 79 apiece. The former had a 4 for a 74 going to the eighteenth, but the hole cost him seven strokes when he found a tricky trap that guards the green.  
As usual a horde of generous-sized scores featured the qualifying round. It is an invariable rule that players, when called upon to sink every putt, rarely fail to come within five to ten strokes of their ordinary games. Those who shot in the morning, of course, were hindered somewhat by the heavy grass. The light rain of the night before made the greens slow and it was hard to regulate one's putting game.  
Nearly all the players with handicaps of 14 and over who shot the south course finished well in the 100 neighborhood. The exception was Dr. F. P. Young of the San Gabriel club who, with an 18 handicap, registered a sick 87, which was better than a lot of the low handicap boys did on the north course.  
TIE FOR LOW NET.  
Dr. Young was tied for low net prize by Phil Forre, Jr., who shot 79-10-68. Dr. Young's score was the best that came to light on the south course while the worst on the north course, where Ed Tufts and the champions shot—102, was turned in by D. L. Darsie, a 13 handicap player.  
Two rounds of match play are on the bill today, the first starting at 9 o'clock this morning and the second at 1 o'clock. First and tenth tees of both courses will be used, and all players who fail to

### JIMMY MURPHY STEPS SOME.

Local Auto Pilot Hops Into Bordino's Class by Speedy Work on Beverly Speedway.

James Anthony Murphy, premier conductor in automobile Duesenberg, stepped up into the same class with Signor Pietro Bordino yesterday. Little Jimmy did his best lap in practice on the speedway in the fast time of 38.4 seconds, which is just a shade better than 116 miles an hour. This means that Bordino is going to have a lot of competition, with Murphy showing a lot of new speed, and Tommy Milton, the national champion, knowing that he has enough speed in his Durant Special to beat the Italian, unless Bordino has greatly improved since his last race here. Bordino has five miles an hour more speed than Milton, but Milton has the driving head.  
enough to make him a lot of money in the fast dashes set for Sunday. Should Saries get a break in the tow, he will have the speed to outdrive a lot of the youngsters as he is one of the most experienced of the pilots who it comes to the dangerous sprint races.

ROSCOE SALLIES ROLLED UP A NICE SCORE YESTERDAY WITH HIS BLACK DUESENBERG. ROSCOE DID HIS FASTEST LAP AT 39.3, WHICH IS FAST

### CONFERENCE TRACKSTERS TO GO NORTH.

The Southern Conference track and field squad leaves tomorrow for the north to engage in a pair of dual meets with California on Saturday and with Stanford on the following Wednesday. There is a terrible suspicion on the part of numerous local stop-watch manipulators that the two northern institutions will get the closest competition of the season.

In the quarter Pays of Pomona and Powers of Occidental have both run in 50-1-5 this season, which is better time than has been made in the north. Henderson and McDonald of California and Clark and Williamson of Stanford will be the main event in the sprint races. None of the drivers of Occidental will be hard to beat in the half, the former having made two miles flat while Ellsworth, so far, is three-fifths of a second slower.

HANDLEY GREAT MILLER. In the mile run Handley of Pomona is chief hope and he can step off the four laps in close to 4 min. 30 sec. Frazier of California has slightly bettered same margin and with forty miles run. He was just a second slower than that in the conference meet and won by a third of a lap.

The high hurdles will be duck soup for Charley Daggs of Pomona and Bob Allen, both of whom are good for 13-1-5 sec. Daggs probably will win the low hurdles also as he is good for better than 24 3-5 sec. The south will bet its last time on the southern relay team composed of a quartet chosen from the following demones: Payne of Pomona, Powers, Gary and Spangler of Occidental, Allen and Yount of Redlands.

SOUTHERNERS HOPEFUL. Goodenough and Martin of Occidental and Hyde of Redlands ought to get around 12 in the mile. Argue of Occidental and Miller of Southern Branch are good for better than 22 in the high jump and 22 ft. in the broad jump. Haralson of Southern Branch is a certainty, the stage is set for one of the most successful horse shows ever held here.

Two world-famed horses will appear during the show for probably the last time before a public audience. These are Umland and Lou Dillon, stallion and mare, owned by C. K. G. Billins of Montecito, which have won unbroken records on the tracks of the country during the days when they were racing for trophies.

Cochette, who carried the five-year-old championship last year, and Dillon, Head Master; Maxie, winner of the 2-year-old saddle class at the Panama-Pacific Exposition race; Sinbad and the Vamp, sensations in the eastern shows last winter, and other noted race-track

### DR. WALTER TAKES TITLE.

Veteran Golfer Defeats 18-Year-Old Youth for Northern California Championship at Lakeside.

BY HAY CHAPMAN.

(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, March 29.—Hats off to Dr. Charles H. Walter, the new amateur golf champion of Northern California. All golfers are proud of him, for in five days he has played 180 holes, some test of endurance for a man of his years—55 instead of 37, as stated yesterday—and they also delight in his steady skill and his virtue of maintaining golfing equilibrium, psychology considered, through so strenuous a campaign. Congratulations also to Mrs. Walter, who witnessed today's thrilling finish, and who, when the doctor holed that last sensational putt of thirty feet, sank gracefully and gratefully to her knees.

Johnnie McHugh has thirty-seven years before him before he will be Dr. Walter's age and so has plenty of time to annex any number of championships, as undoubtedly he will. The youngster was two up on the doctor after the morning's round and only those who knew Walter's stalwart steadiness and much idea that he could overtake the stripling. But the veteran's tactics were of a conquering character, showed no lack of confidence and he played every shot with the most careful deliberation.

NO BRILLIANT PLAY. The morning's game was by no means brilliant, but better than the appended medal scores would tend to show. Championship finals rarely show fine mental scores and both players in the early stages of the match showed the strain of the afternoon's long grind. McHugh was 4 up after the first six holes, and made the turn with the same margin and with forty strokes to Walter's forty-six. Walter then took a strong brace, coming home in forty, against McHugh's forty-three. The doctor won the twelfth and fifteenth with birdies and after the tenth hole was only one over par. They finished the round with McHugh 2 up.

The thirty-fifth and last hole of the match was cleverly played by Walter. After a long drive he refused to be tempted to go for a long second, played safe with his iron and then pitched over the

Constantine Romanoff defeated Demon Dittmar in the wrestling match at the Union League Club last night, gaining the one and only fall in the tenth round by an arms-scissors and wrist lock. The end came suddenly in a spectacular manner when the referee called the match off with two minutes to go between rounds. Paul C. Bragg, head instructor of the Y.M.C.A., was the referee.

The bout was one of the most bitterly contested ever seen in Los Angeles. Time and again the men had each other in dangerous looks only to break them amid vociferous cheers from the spectators. In the eighth round Romanoff secured his famous arm scissors and was gradually pressing Dittmar's shoulders to the mat when the doctor, in an occasional, of gaining a fall from his slender opponent. Dittmar's favorite lock was the Strangler Lewis hold—a hold that he gained many a time, but while it greatly weakened Romanoff he still had strength enough to squirm out of danger.

Louis Nelson won from Jack Smith in the preliminaries and Young George won over Benny Leftner.

### HORSE SHOW OPENS TODAY.

SANTA BARBARA, March 29.—All is in readiness for the fourth annual Santa Barbara Horse Show, which opens tomorrow at 2 o'clock in the Palm Arena at the Santa Barbara grounds for three days program. With perfect weather a certainty, the stage is set for one of the most successful horse shows ever held here.

Two world-famed horses will appear during the show for probably the last time before a public audience. These are Umland and Lou Dillon, stallion and mare, owned by C. K. G. Billins of Montecito, which have won unbroken records on the tracks of the country during the days when they were racing for trophies.

Cochette, who carried the five-year-old championship last year, and Dillon, Head Master; Maxie, winner of the 2-year-old saddle class at the Panama-Pacific Exposition race; Sinbad and the Vamp, sensations in the eastern shows last winter, and other noted race-track

THURSDAY MORNING. CHEATERS, AMUSEMENTS, ENTERTAINMENTS

REVIEWS. JAZZ .. EPIC .. OF .. THE .. FLAPPER. FLASHES.

"TURN TO THE RIGHT." "The Wise Kid" at the Superba. UNIVERSAL BUZZES.

By Edwin Schallert. Popular stage plays have a great fashion of getting to the screen some time—somehow. The reason is this: such plays have been a success on the stage—therefore, they should be a success on the silver screen. Therefore, almost all plays have been made into movies. Such is the logic of the producer.

Some such logic undoubtedly inspired the making of "Turn to the Right," and the choice for a director of Rex Ingram, justly celebrated for his higher artistic sense of proportion. The result may be viewed this week at the Mission Theater. And that result is a movie. It is neither fair to the original play nor to Mr. Ingram as an artist.

Of course, "Turn to the Right" is in a sense an entertaining movie to those who have seen the stage play, and wish to renew their impression. Too, it has splendid types and characters, for which the skill of the director in selection is to be thanked. But the picture has neither a heart nor a soul, nor even a perfectly formed body, and cannot but disappoint both those who admire the work of Mr. Ingram and to whom the regeneration theme of the play had a somewhat potent appeal through its human interest and its deft comedy.

"Turn to the Right" is obviously out of Mr. Ingram's province. His touch is much more certain along serious lines. He deals skillfully in the romantic varieties. In deeper soul reflections. Moreover, he understands the moulding of beauty in its finer expression. But he cannot wear the cap and bells of the lesser men more than can prime best on the conquest of stony domains.

The screen version of "Turn to the Right" follows the play rather closely—too closely in fact for its own good. The picture sequence lacks cohesion. The reflection of the mother spirit in the lives of the crooks is lost. There are smiles and laughs in some of the titles and too in some of the episodes, which is rather too unqualified slapstick.

Where scenic impressions and character dominations there is much to charm. The leading players evoke keen appreciation. Harry Myers in particular, is intriguing with his comedy. George Cooper, Edward Connolly and Jack Mulhall are well cast. Lydia Knott draws on resources of feeling as the mother.

Alice Terry is definitely alluring but her opportunities in the role are small.

Betty Allen, Margaret Loomis and others satisfy.

As a whole, the picture causes us to turn in anticipation to Mr. Ingram's forthcoming adventure romance, "The Prisoner of Zenda."

Stage "Hushabye." To many the "Hushabye" of Omar Khayyam is a cherished memory, and to many it is a magical illusion. Whichever view you may take of it, if you take either, it is difficult to comprehend anything so vaguely elusive as its spirit, assuming the trappings of the flesh. No actor or player can quite give it that reality which it has in the mind. At least it has always seemed to me. However, after viewing Maxwell Ryder's presentation of this poem last night at the Grand, I feel somewhat in the mood for making some compromises. He has come at it as a poet, and as anyone, perhaps, in an actual visualization.

Of course, the production as it stood at the Playhouse, and its taint was far from ideal. In fact, it was outrageously crude in certain aspects. There were jarring notes in the reading of the lines, as regards the misty psychology. There were errors and deficiencies in the staging which, in his introductory talk indicated were not ignored by the director himself.

The nucleus of a very interesting stage presentation was, I believe, in the performance. The lines were given with taste to the various characters. Omar, the Poet, the Optimist, the Lover and the Woman, so that their exchange of thought became something more than a mere poem, but touched on the form of a poem in tone.

One missed a supplementary background of music, elaborate picturesque staging, and the even level of dramatic interpretation. But it was evident throughout that with the material effects and the personnel each detail had been worked out with the utmost care and discrimination.

For the interpretation of the Poet, by Sidney A. Harris—many encomiums. It was a vivid bit of character, true to type, and gratifying and delightful at once. Ruth Hill manifested an intense sincerity and charm as the "Woman." She wove the true spell of youth. Claude Gilbert was not only an idea of Omar, but that is a matter of personal viewpoint. He was warmly applauded. He did not, however, seem to probe the deeper meaning of the lines. Maurice Salzman was the Optimist, and David Windsor the Lover, neither impressing as much as Mr. Harris and Miss Hill.

Mr. Ryder, who staged the production was formerly associated with Walter Hampden—"in a very humble capacity," he remarked in the course of his talk. He has also achieved note in this country and England as a stage director. This marks his initial undertaking here.

In addition to "The Rubaiyat" a group of original plays by the Playhouse, including two comedies, "What Broke the Camel's Back," by Bertha M. Starkweather, and "The Boudoir Boy" by James W. Clark, and "The Third Guest," a serious piece by Tipton Lindsey.

"The Rubaiyat" was given in these plays. In these plays, appeared Isabelle Kennerly, Harold Lord, James O'Neill, Karyl Marker, Violet Lester and Kathleen Bennett. A musical interlude, "In a Hindu Temple," arranged by Geraldine Fitzgerald, was given before the "Rubaiyat." The adaptation of the Omar Khayyam poem was made by Mr. Ryder and Maurice Salzman.

Eyton to Orient. Charles Eytan, general manager at the Lucky studio, accompanied by Mrs. Eytan (Kathryn Williams) has left on a trip to China. While in the Orient they will visit Mr. Eytan's sister in Shanghai. During Mr. Eytan's much-needed vacation Victor H. Clarke, who has been at the West Coast Studio as special representative of the production department for several months, will act in Mr. Eytan's position.

Conductor Rothwell also presents the following orchestra program: Symphony, No. 6, in F Major, Op. 68 ("Pastorale") Beethoven, and Overture, "The Merry Widow" (Strauss).

Two complimentary organ recitals will be presented by C. Albert Tufts to give first of two recitals tonight.

The program for the recital this evening will include the prelude and fugue, "St. Anne" (J. S. Bach); Capriccio Heroique (Bouquet); Barcarolle in A flat (Lange); "A Fairy Tale" (Pachulski); Meditation, a St. Louis (J. S. Bach); and the "Gloids" (James Festival Toccata) (Pletcher); "Butterfly" (Lange); Music Box, Badinage (Lindow); Londonderry Air—"Old Folk Song" (arrangement); "Christus resurrexit inno di gloria" (Ravanello).

Coming west with the indorsement of critics and public of every city in America, in which there is a symphony orchestra at the present time, and having appeared with success under the baton of conductors Damrosch of the New York Symphony; Stokowsky of Philadelphia; Sokoloff; Gabriellowitz; Ysaye; Rudolph; Gana; and others, Mme. Yolevsky comes to close her symphonic work in America, under the baton of Walter Henry Rothwell, and with the support of his organization give to the music lovers of Los Angeles tomorrow afternoon and Saturday evening, the immortal Liszt Concerto for piano, No. 2, in A Major.

Conductor Rothwell also presents the following orchestra program: Symphony, No. 6, in F Major, Op. 68 ("Pastorale") Beethoven, and Overture, "The Merry Widow" (Strauss).

Whichever view you may take of it, if you take either, it is difficult to comprehend anything so vaguely elusive as its spirit, assuming the trappings of the flesh. No actor or player can quite give it that reality which it has in the mind. At least it has always seemed to me. However, after viewing Maxwell Ryder's presentation of this poem last night at the Grand, I feel somewhat in the mood for making some compromises. He has come at it as a poet, and as anyone, perhaps, in an actual visualization.

Of course, the production as it stood at the Playhouse, and its taint was far from ideal. In fact, it was outrageously crude in certain aspects. There were jarring notes in the reading of the lines, as regards the misty psychology. There were errors and deficiencies in the staging which, in his introductory talk indicated were not ignored by the director himself.

The nucleus of a very interesting stage presentation was, I believe, in the performance. The lines were given with taste to the various characters. Omar, the Poet, the Optimist, the Lover and the Woman, so that their exchange of thought became something more than a mere poem, but touched on the form of a poem in tone.

One missed a supplementary background of music, elaborate picturesque staging, and the even level of dramatic interpretation. But it was evident throughout that with the material effects and the personnel each detail had been worked out with the utmost care and discrimination.

For the interpretation of the Poet, by Sidney A. Harris—many encomiums. It was a vivid bit of character, true to type, and gratifying and delightful at once. Ruth Hill manifested an intense sincerity and charm as the "Woman." She wove the true spell of youth. Claude Gilbert was not only an idea of Omar, but that is a matter of personal viewpoint. He was warmly applauded. He did not, however, seem to probe the deeper meaning of the lines. Maurice Salzman was the Optimist, and David Windsor the Lover, neither impressing as much as Mr. Harris and Miss Hill.

Mr. Ryder, who staged the production was formerly associated with Walter Hampden—"in a very humble capacity," he remarked in the course of his talk. He has also achieved note in this country and England as a stage director. This marks his initial undertaking here.

In addition to "The Rubaiyat" a group of original plays by the Playhouse, including two comedies, "What Broke the Camel's Back," by Bertha M. Starkweather, and "The Boudoir Boy" by James W. Clark, and "The Third Guest," a serious piece by Tipton Lindsey.

"The Rubaiyat" was given in these plays. In these plays, appeared Isabelle Kennerly, Harold Lord, James O'Neill, Karyl Marker, Violet Lester and Kathleen Bennett. A musical interlude, "In a Hindu Temple," arranged by Geraldine Fitzgerald, was given before the "Rubaiyat." The adaptation of the Omar Khayyam poem was made by Mr. Ryder and Maurice Salzman.

Eyton to Orient. Charles Eytan, general manager at the Lucky studio, accompanied by Mrs. Eytan (Kathryn Williams) has left on a trip to China. While in the Orient they will visit Mr. Eytan's sister in Shanghai. During Mr. Eytan's much-needed vacation Victor H. Clarke, who has been at the West Coast Studio as special representative of the production department for several months, will act in Mr. Eytan's position.

Conductor Rothwell also presents the following orchestra program: Symphony, No. 6, in F Major, Op. 68 ("Pastorale") Beethoven, and Overture, "The Merry Widow" (Strauss).

Two complimentary organ recitals will be presented by C. Albert Tufts to give first of two recitals tonight.

The program for the recital this evening will include the prelude and fugue, "St. Anne" (J. S. Bach); Capriccio Heroique (Bouquet); Barcarolle in A flat (Lange); "A Fairy Tale" (Pachulski); Meditation, a St. Louis (J. S. Bach); and the "Gloids" (James Festival Toccata) (Pletcher); "Butterfly" (Lange); Music Box, Badinage (Lindow); Londonderry Air—"Old Folk Song" (arrangement); "Christus resurrexit inno di gloria" (Ravanello).

Coming west with the indorsement of critics and public of every city in America, in which there is a symphony orchestra at the present time, and having appeared with success under the baton of conductors Damrosch of the New York Symphony; Stokowsky of Philadelphia; Sokoloff; Gabriellowitz; Ysaye; Rudolph; Gana; and others, Mme. Yolevsky comes to close her symphonic work in America, under the baton of Walter Henry Rothwell, and with the support of his organization give to the music lovers of Los Angeles tomorrow afternoon and Saturday evening, the immortal Liszt Concerto for piano, No. 2, in A Major.

Conductor Rothwell also presents the following orchestra program: Symphony, No. 6, in F Major, Op. 68 ("Pastorale") Beethoven, and Overture, "The Merry Widow" (Strauss).

TO DARKEN HAIR. Apply Sage Tea. Look Young! Bring Back Its Natural Color, Gloss and Attractiveness. A bottle of Wyeth's Sage and Sulphur Compound at any drug store is ready for use. This is an old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is a sign of age, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so easily. You just dampen a sponge or soft brush with it and pass it through the hair, taking a small strand at a time; by passing all gray hairs have disappeared, and, after another application or two, your hair becomes naturally dark, lustrous, and beautiful. (Advertisement.)

RECEIVED LETTER. When the man received a letter yesterday saying that he should meet the writer at a given point and there reveal to him "things he could tell," he sought P. E. Jordan, local plumber, and candidate for City Trustee, and asked to be driven to the meeting place. He found at the time that the letter included an unsigned check for \$1000 which the sender had promised to sign. In company with Mr. G. Tooley, business agent for the painters' union of this city, the two left in an automobile for Maricopa.

LEASE OFFICE. Dry Chief Will Occupy American Bank Building Rooms. W. W. Anderson, division chief of national prohibition enforcement, yesterday closed a lease for quarters on the fourth floor of the American Bank Building, at Second and Spring streets, which he will use as his headquarters beginning tomorrow.

NEGRO RUNS AMUCK; FISTS FLY IN COURT. The proposed bond issue of \$2,000,000 for adding fourteen fire engine companies and other equipment, including a new fire alarm system, will be placed before the voters of Los Angeles at the general election on November 7, next. If the City Council adopts the recommendation of its finance committee agreed upon yesterday afternoon, this is the only bond issue that the committee has so far recommended being placed on the November ballot.

## Activities and Interests of Women, in and Outside of Homes

## THE NEW.

IN STORES AND HOMES.

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

**Up-to-date:**  
A millinery revival of the forthcoming season is the extremely wide-brimmed picture hat, which for several years has been in eclipse. Paris has adopted the hat of spreading brim, extending quite beyond the shoulder line in width and trimmed extravagantly with bows, fruits and ribbons. The shape may be formed from any popular fabric or straw. To choose for yourself either the French or the English mode of attire—that is to say, the severely tailored garment or suit for usual wear, or the more dainty dress, I would term the sports dress the purely American mode, and I might go still further—or still nearer—and term it the Los Angeles fashion!

## Old Sol's Glory.

Even Solomon in all his glory did not equal the new summer sun-shades. Color, so ripe in every department of dress, breaks out with equal splendor in the parasol, and trimming, somewhat withdrawn from millinery, becomes most luxurious upon the sun-shading addenda. Fringes, embroideries, lace, beading and even hand-painting are shown upon dress parasols for the forthcoming season.

## Electricity.

At the electric fair recently held in that big store, one of the most interesting of machines was the open-end mangle, which made it possible to iron everything even to dainty narrow ruffles. I wish those intelligent machines never been called "mangles"—don't you? The term so belies the qualities inherent in the implements. The time draws near when everyone will be equipped with those electrical assistants, which never "give notice" or stay out of night.

## Dress Trimming.

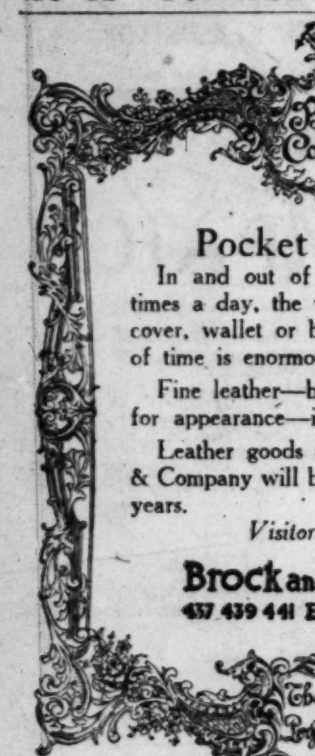

A fine distinction marks the difference between the afternoon dress and the gown for evening, especially in the way of trimming. Afternoon dresses are likely to have self-trimming; that is, multitudes of rosettes or flowers formed from the fabric of the cloth. Evening gowns may go to any length in the way of self-trimming, attained by the lavish use of beads, embroidery or sequins.

## Gingham Lingers in Lingerie.

Gingham of fine checks in light blue, green, pink, red and yellow, has been chosen by Annette for her summer underthings. Some of these, she made herself. A chemise, the drawers, the camisole, she has cross-stitched in imitation of that old-time canvas work, made by our grandmothers. A wreath upon the breast of the chemise and camisole, another upon a scallop of each "drawers" above the knee, and an edge of picot in black along every edge and I shall say that

## Efficient Housekeeping

By Laura A. Kirkman

## A GOOD HOME DINNER.

Is there anything that makes one hungrier than the words "a home dinner"? Hotels may have famous chefs who can prepare delectable and unusual dishes—but, somehow, just having a meal in a home glorifies that meal. Try the following simple dinner menu on your family:

**Vegetable Soup**  
Boiled Potatoes Spinach  
Canned-Peach Betty  
Vegetable Soup—Wash, scrape, and cut into small pieces, one-third of a cup each of carrots and turnips, one-half cup of celery and one and one-half cups of potatoes. Mix these vegetables, all except the potato-dice, and let cook ten minutes in two and one-half teaspoons of butter or any fat, stirring constantly. Then add the potatoes, let fry two minutes more, add one quart of hot water, and set boil for an hour—or until the vegetables are all soft. Season with salt and pepper to taste, add two tablespoons of butter, and serve with or without the vegetables in it.

**Yeast Rolls With Dressing**—Have a thin slice cut from the loaf, sufficient in size to accommodate your family. (This slice should be large enough that enough squares, three by three inches in size, may be cut from it to serve the family.) The best way is to go to the butcher's rather than get it by telephone, and see whether a one-pound slice, or a two-pound slice will be enough for you. After cutting the slice into these small squares (they need not be exactly square, of course,) dust them lightly with salt and pepper, spread the following dressing over them, then roll up the squares separately and tie each one securely so that it

the suit is as pretty as any that could be devised. Draw-strings run through the button-holed slits, held in place both cambric and chemise, black velvet ribbon giving the modish Parisian finish, when tied in a careless bow.

## Leather Returns.

The return of the leather coat is hailed by those fond of motor-ing and severe outdoor sports. Paris has sent over a soft, loose, hooded black leather, boldly stitched in white, which worn with a separate skirt and a soft leather hat is extremely chic.

## Bolero Returns.

The return of the bolero is predicted as a rescuer of the over long waistline. The length of line from shoulder to girdle point has become so great, that some of the ingenious couturiers are proposing the bolero to bridge the gap. Either this or an en-highered waistline, is the prediction of the dresswise.

## All-Over Beaded.

One of the new cotton fabrics comes beaded all over, the beads woven in the warp of the material, as it runs through the loom. The colors are beautiful—clear yellow, blue in both dark and light, red and other modish tints. That the beads are bound not to come off, is one of the warranted virtues of this new material, which is so smart for the entire frock or for fashioning the sleeves and panels in combination with plain material.

## Under Fashion's Guidance.

The low waist line is still predominant. A large double-breasted crepe-knit fabrics are smart for sports wear.

Afternoon hats will be large and lightly trimmed.

Shallow pleats are a popular mode of trimming.

Full sleeves are drawn into a narrow cuff at the wrist.

The serviceable lace frock will yet be worn for spring.

For evening one sees lengthened skirts and drapery at the sides.

A slip-over frock of dark crepe has wide sleeves of Paisley silk.

A gown of polonetta red satin has side draperies of smoke blue net.

A simple frock of crepe-back satin has soft side draperies of silk net.

Many suit coats are fastened with one large button placed on the hip.

A negligee of apple green Canton flannel.

cannot unroll. Slices of uncooked ham may be cooked in exactly the same way, using the same dressing.

**Dressing for Veal Rolls:** Put one cup of breadcrumbs into a bowl and add 4 fried and chopped slices of bacon, one teaspoon salt, one large chopped raw onion, and one-half teaspoon of sage. Moisten with a little melted butter and hot water, and spread this on the veal squares. This recipe makes enough dressing for four squares that measure 3 1/2 inches.

**Canned-Peach Betty:** Put into a buttered baking dish a layer of bread or cake broken in small pieces and sprinkle this with brown sugar; dot with bits of butter and sprinkle with ground cinnamon lightly. Now add a line of canned peaches, halved or quartered, and repeat the process—alternating these two layers until the dish is full. Finish with crumbs, dot over with butter, add enough hot water (or the juice from the canned peaches) to moisten well, and bake 45 minutes to one hour in a medium oven. Serve hot with the following sauce.

**Hard Sauce:** Put one-half cup of butter into a bowl and work it up, gradually, 1 cup of confectioners' sugar. Add 1 teaspoon of vanilla and 1 tablespoon of milk, then work in enough more confectioners' sugar to make quite stiff. Chill, and serve on the pudding. A sprinkling of ground nutmeg or cinnamon may also be added to this sauce if desired.

**Salad:** Inquire addressed to Miss Kirkman in care of the "Efficient Housekeeper" will be answered in this column in their turn. The answers to the queries, owing to the great number received, so if a personal answer is desired, it is best to send an additional envelope must be labeled with the name of the querist, and the name of your city and state. The Editor.

ton crepe has flowing sleeves of silver tulle.

Shirred frocks of checked gingham are ideal for the kiddies' play hours.

A frock of periwinkle blue has a giraffe of flat, even roses of the material.

Black is still the smartest color for the restaurant, dinner or tea dance.

The favored materials for the coming season are satin, chiffon and moire.

A morning frock of gray French flannel is bound with white gros-grain ribbon.

Very heavy gold tassels are used on evening gowns to weight pointed panels.

The shiny feather has adopted the straw hat on which to exploit its charms.

Long circular coats are quite likely to have a short military cape attached.

Spring hats, like the winter models, show the trimming placed at the right side.

**After-Dinner Tricks**

No. 143—To Raise Four Knives With One.

To raise four knives with one sound is impossible, but it can be accomplished by following the directions illustrated. Lay one knife on the table with the handle protruding over the table edge. Place two other knives across it, blade upon blade, at right angles to the first. Slide two other knives in at an angle, blade first, as shown, and all four may now be raised by lifting the first knife.

**The Daily Fun Hour.**

BY HONOR WALSH.

**Short Terrace.**

This Lancashire game is similar to "Three Deep," described in this series last year. A large double-breasted crepe-knit fabrics are smart for sports wear.

Afternoon hats will be large and lightly trimmed.

Shallow pleats are a popular mode of trimming.

Full sleeves are drawn into a narrow cuff at the wrist.

The serviceable lace frock will yet be worn for spring.

For evening one sees lengthened skirts and drapery at the sides.

A slip-over frock of dark crepe has wide sleeves of Paisley silk.

A gown of polonetta red satin has side draperies of smoke blue net.

A simple frock of crepe-back satin has soft side draperies of silk net.

Many suit coats are fastened with one large button placed on the hip.

A negligee of apple green Canton flannel.

**PASSENGER TRAFFIC**

**AGENTS PLAN DANCE.**

The Southern California Passenger Association has completed arrangements to hold its first annual reception and dance Saturday evening in Elvian Hall, 1569 1/2 Sunset Boulevard. The entertainment committee has provided a unique program, before the dancing begins. All passenger traffic from the steamship and railroad lines stationed in the Southland have been invited.

## SOCIETY.

BY VIRGINIA WOODS.

**Compliment Boston People.**  
In compliment to Mr. and Mrs. Albert C. Burrage of Boston, who are spending the winter at the Ambassador, Mr. and Mrs. Jack Richardson are to give a dinner and dancing party Saturday evening at the Los Angeles Country Club when they will entertain twenty guests.

**On Way to Europe.**  
Mrs. Godfrey Holterhoff, Jr., and Mrs. Charles H. Sharp left yesterday for New York, from where Mrs. Holterhoff will sail for Europe, to be joined abroad by the summer by Mr. Holterhoff before sailing. Mrs. Holterhoff and Mrs. Sharp will visit friends in Washington. Mrs. Sharp will return to Los Angeles about six weeks, stopping en route home for a few days' visit with friends in Kansas City.

**Returning to New York.**  
Mrs. Newton Perkins and her daughter, Miss Elizabeth Perkins, who spent the winter in Montecito and who have been visiting in Los Angeles several weeks, are leaving next Saturday for New York, where Mrs. Perkins expects to meet her friend, Miss Anne Morgan, who will be returning on a tour of Texas. Miss Perkins has been entertained at several small functions by Mrs. Hancock Banning, whose philanthropic work here is of the same nature as that of Miss Perkins and Miss Morgan.

**Friends from Abroad.**  
Friends of Mrs. Mary Banning Norris will be pleased to learn that she has been enjoying a delightful winter in Paris, where she was entertained at innumerable teas, luncheons and dinners by friends she has known abroad for years. She planned to spend the winter in Algiers but remained in Paris to meet Judge and Mrs. Norris, who arrived in Los Angeles last week. Mrs. Norris expects to pass the spring months on the Italian lakes.

**Serves Ten Guests.**  
Mrs. Elliot Atwater of New York, who is visiting her father, Ferdinand R. Bain of Wilshire Boulevard, gave a smart little dinner party for ten at her father's home last evening. The guests assembling at Cocoanut Grove to dance and for supper later. Mrs. Atwater expects to return to New York next month.

**Mr. and Mrs. Johnson Returning.**  
Friends of Mr. and Mrs. Kirk Johnson will be glad to hear that they have returned to their home at Pebble Beach. She has announced plans to return north next week.

**Count Will be Guest.**  
As a courtesy to Count Robert de Claremont of Paris, France, is a guest at the Ambassador. Mr. and Mrs. Roy Brooks King gave a delightful dinner party at the California Club. Count de Claremont is a famous globe-trotter and is here while on a tour of the world.

**Lady Coddington Here.**  
Lady Coddington of Kensington Court Gardens, London, is a guest at the Ambassador. She is well-known in European circles. She is accompanied by her maid and secretary.

**Hosts at Grand Opera.**  
On the first night of grand opera, Mr. and Mrs. William Preston Harrison are to entertain with a large party in honor of Admiral and Mrs. Eberle, having a group of guests at dinner beforehand. Mr. Harrison will leave for Chicago in June, and Mrs. Harrison and their infant son, Preston Carrick Flint, will remain in Los Angeles. It will be the baby's first trip East and as he has many uncles and aunts and cousins, he will no doubt be the center of much attention of which he appears quite fond.

**Miss Hunt Soon Returning.**  
Miss Louise Hunt, who has been visiting in Mexico the last three months, is expected home early next month. A meet of the stars she has spent in Tampico, visiting Mr. and Mrs. Roy Silent, formerly of this city, but she was for ten days a guest of Mr. and Mrs. Frank Beaver of Mexico City. Mr. Beaver is connected with the Doheny interests there. They have a beautiful home in the city and entertain extensively, and are much entertained.

**For Visitors.**  
Mrs. Paul A. English and Mrs. Clarence English presided at a very delightful bridge luncheon yesterday afternoon in honor of Mrs. H. R. Strope and Mrs. L. W. Strope of Detroit, Mich., and Mrs. C. W. Strope of New York, who are visiting Mrs. Frederick A. Warren, a sister of the former two matrons. Garden flowers adorned the tables. A tea followed the luncheon and bridge.

**Sabbath for Europe.**  
Miss Rebecca Marks left yesterday for New York, from where she will sail April 5 for a tour of Europe. Miss Gertrude Dodge gave a luncheon and bridge party in farewell to Miss Marks.

**Moving Into New Home.**  
Mr. and Mrs. Charles Seyler are to move into their beautiful new home in Hillhurst Park on Saturday, and are planning a large housewarming after Easter.

**At Luncheon Bridge.**  
Mrs. W. J. Dodd and her sister, Mrs. Kate Paton, are entertaining at a bridge luncheon today at their handsome new home in Laughton Park, into which they have just moved.

**For Mrs. Kennedy.**  
Mrs. Clifford J. Girard of Wilshire Boulevard gave a smart

## SEES DUTY OF CHURCH IN SERVICE.

Salt Lake City Rector is Speaker at Noon Meeting in Morisco Theater.

Admitting that the church of today is lacking in appreciation of the mystical element in religion, Rev. Mark Rifenbark, rector of St. Paul's Church of Salt Lake City, speaking at the noon Lenten service at the Morisco Theater yesterday, defended modern organized Christianity which lays special emphasis on the value of social service.

"Christianity does not change in essence with the passing centuries but there is nothing alarming in the fact that there must be various applications of certain phases of that religion to different times and generations," said Mr. Rifenbark. "I hold it rather as a hopeful sign that today the church is stressing the value of Christian social service."

"The Christian of today is not content to feel that his salvation is a condition depending only upon his relationship to God," said the speaker. "On the contrary, he has begun to realize that his own good is inevitably interwoven with the best interests of his fellow man; he is considering sin more and more in the light of a social disease; he is regarding the punishment of criminals as remedial, not as a matter of vengeance, and he thinks of charity not merely as a relief from the sting of poverty but rather as a means toward the regeneration of society."

Quoting the words of Jesus, "Let him that is chief among you be as one that doth serve," Mr. Rifenbark said that the greatest men of all ages have been those who served humanity best. He pointed to the lives of Washington, Lincoln, Hamilton, Jefferson and Roosevelt in illustration of his contention, saying that some of these men had been born in aristocratic, and others in humble surroundings but that the conditions of their birth had nothing to do with the fact of their greatness.

"Those men were great for three reasons; first, because they had the capacity for service; next, because they had the opportunity, and lastly because they had the will to serve," said Mr. Rifenbark. "Wherever you find that combination of qualities and condition, you have the fundamentals of greatness."

"The same things that make individuals great can also make nations great. Today, America is the strongest, richest nation in the world. We have the capacity and the opportunity for tremendous service to the world and I believe we are developing a greater will toward humanitarianism. Our splendid part in the World War was born of this will to serve, and the great movements which, since the war, have been inaugurated for the

## Fashion's Forecast

You could not make a better school dress for your child than this style. We recommend it because it is easily made and, while attractive for school use, is loose fitting and so very practical for play. The Peter Pan collar and cuffs made of the same contrasting material help toward its attractiveness.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

The pattern cuts in sizes 6, 8, 10, 12 and 14 years; size 8 requires 2 yards of 36-inch material with 1/4 yard of 36-inch contrasting material.

# MEN, WOMEN AND THINGS IN THE WORLD'S NEWS

"The girl of today is what the boy of today wants", declares Miss Dorothy Spears, 22, whose novel, "Dancers in the Dark" has recently been acclaimed by the reviewers. She champions the "flapper" type.

Senator Frelinghuysen of New Jersey unspiring a game between two teams of Senate page boys. They let him umpire because he bought the baseball outfit.

The Rev. M.M. Day, who quit the Methodist ministry to become a prohibition agent. He walks a dozen miles a day, carrying his bible and a revolver. Recently he had a fight with three moonshiners, and arrested two. The third didn't survive.

Royal honeymooners crossing the Channel as ordinary passengers. Princess Mary Viscountess Lascelles and Viscount Lascelles snapped aboard ship enroute to Italy, via Calais and Paris.

Ten-year-old Edillian Guenther, of 727 Garland avenue, Los Angeles, is attaining fame as a dancer. She is here seen in a "Dance of Yesterday" of her own creation. Also, she designed the hat she wears.

Mrs. E. J. Goughlin had an enjoyable trip on the steamer of which her husband is captain. She inaugurated the use of traveling trunks, to prevent rolling from their berths.

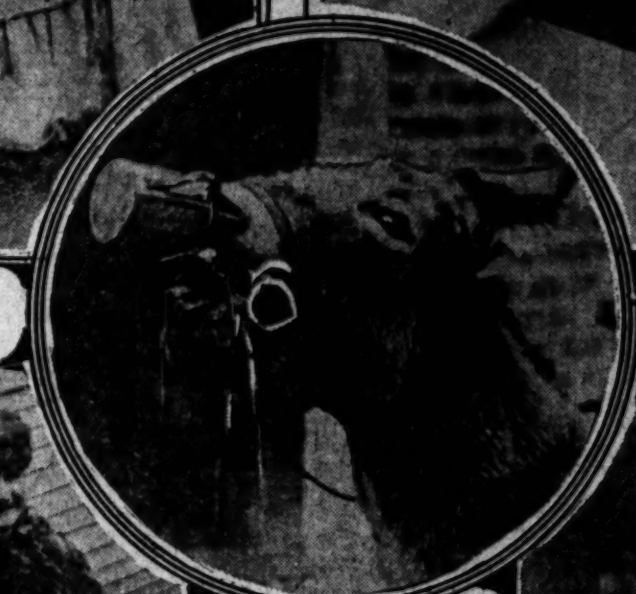

Amayiro Liguka, close friend of the late Marquis Okuma, who has ended a 100 days' vigil at his grave.

Fritz Hauptman, who started from San Francisco six months ago to walk around the world, is here shown after covering 5000 miles of his self-imposed journey. He is calling on Commissioner Russell, at the National Capital.

Sir Harry Lunder and Mrs. Lunder, England-bound on the Aquatania.

"Red" town yet in Lexington, England is here shown enjoying a war of air. He makes a fine, as well.

Miss Eleanor Stewart of New York snapped on the links at Hot Springs, West Virginia, during a society match.

THURSDAY MORNING

GIVE A B

Constipation, biliousness, like annoying life quickly disappears.

A MOTHER is always a mother to a constipated child, but is puzzled which medicine to give. Let her decide by the facts on the package.

Every bottle of Dr. Cassell's Syrup of Pepsin has the printed plainly on the label the name of the doctor who prescribed it in 1902. It is a combination of Egyptian Senna and simple laxative herbs. It will not grip the stomach and it is free from any harmful effects. A bottle sufficient for a family several months had it any drug store. Cost is only about a cent.

While no one, young or old, need take a drastic purgative like salts or calomel, be careful what you
